American Manufacture.

CALICOES, Furniture Cottons, Shawls and Pocket Handkerchiefs printed and sold by the subscribers, at No. 13, Calvert street. To remove a distrust experienced in new undertakings, and often prejudicial to manufacturing attempts in America; they think it proper to observe, that nothing material is wanted in the business to enable good artists to perform the work here, as well as in Europe. That they have these artists—that two of the partners were bred to the business in a factory of the best repute, carried on by their fathers, and long afterwards by themselves. They trust that their foreign goods are received without a question an unreasonable suspicion will not prevent their countrymen from giving an equal trial to such as are wrought among themselves—beside a natural doubt, there is room to fear, that certain interests, national, as well as individual, may suggest objections to their undertaking—it is necessary therefore to say, that work of the like kind, shall be as well executed here, as by foreign hands abroad. The colors capable of being fixed will be found as permanent, the cloths perhaps of better substance, and the prices lower than of the imported cottons. The customary credit will be given on good notes or acceptances in the city. M CULLOCH & LANNAN, No. 3, Calvert street. September 11
