**Dr. WARNER'S practice has been**  
very extensive both in public and private, daily experience convinces him of the propriety of his method of removing the venereal disease, in preference to any medicine vendored or known in Baltimore. Complaints of the urinary passages and debility thereof, from various causes and accidents, resolved in the shortest possible space of time. As these are persons from various causes, and not personally apply, it may be necessary to inform them, they may be relieved from a description of their complaint.

**Eloped or Kidnapped.**  
ON Saturday, the 19th of last month, I gave a negro woman LYDIA, and HANLEY, her son, permission to visit their relations on Elk Ridge, and as I learn they did not go there, and have not since heard any thing of them, the presumption is, that they have absconded or been kidnapped; if the former, I will give \$3000 reward for apprehending and committing them to any jail in the United States, so that I get them again; and in the latter case, I will give One Hundred Dollars for the recovery of said negroes, and conviction of the perpetrators of so base an act, or Fifty Dollars for the recovery of the negroes—and in both cases I will also pay reasonable charges for bringing the negroes home to me in this city. Lydia is about 30 years old, a light colored negro, well countenanced, and sensible and very plausible in conversation; took with her a variety of clothing, among others, two suits of dark striped and clouded nankeen, and one suit of black silk, she made up into jackets and petticoats. Hanley is a dark mulatto boy, about 7 years old, is a little hard of hearing, and had with him, among other clothing, a coat and trousers of fine white striped fancy cord, about half worn, and turned nearly white by being frequently washed; also a new hat, I believe of the wool kind.

THE Managers of this Lottery flatter themselves from the elevated and healthy situation chosen by the Commissioners appointed for erecting the Market-house, that it will be of the greatest utility and advantage, to that part of the city, and to the country in general, and beg leave to recommend it as an object worthy of their encouragement.  
As the above Scheme offers every possible encouragement to adventurers, from the many valuable Prizes it contains, and there being considerably less than two Blanks to a Prize, and all Prizes payable in 60 days after the drawing of the Lottery is completed without any deduction, the Managers entertain the greater hopes of such a speedy sale of the Tickets, as may enable them to commence drawing without loss of time.  
Such Prizes as shall not be demanded within six months after the drawing is finished, will be considered as relinquished for the benefit of the Market House.  
For the satisfaction of the public, it may not be unnecessary to inform them, that the Managers have given bond to the State of Maryland in the sum of 30,000 dollars, for the due performance of the trust.

**American Manufacture.**  
CALICOES, Furniture Cottons, Shawls and Pocket Handkerchiefs printed and sold by the subscribers, at No. 13, C. Market-street.  
To remove a distrust expressed in new undertakings, and often prejudicial to manufacturing attempts in America, they think it proper to declare, that nothing material is wanted in the business to enable good artists to perform the work here, as well as in Europe. That they have their artists—that two of the patterns were bred to the business in a factory of the best reputation, carried on by their father, and long afterwards by themselves. They trust that while foreign goods are received with a question, an unreasoned suspicion will not prevent their countrymen from giving an equal trial to such as are wrought among themselves—to perform the work here, as well as in Europe. That certain interests, national, as well as individual, may suggest objections to their undertaking—it is necessary therefore to say, that work of the like kind, shall be as well executed here, as by foreign hands abroad. The colors capable of being fixed will be found as permanent, the cloths as durable, better substance, and the prices lower than of the imported articles.  
The usual credit will be given on good notes or acceptances in the city.

GENERALLY:  
AN Association having been formed by a number of master Ship-Carpenters, under the denomination of *The Baltimore Shipwrights' Co.* for the purpose of executing in the most expeditious and workmanlike manner any commands in the said line of business—they hereby solicit a share of public patronage, and inform that JAMES CORDERY, their president, and JAMES WHEEDEN and WILLIAM DRUMMOND, superintendants, on Fell's Point, are prepared to receive all orders which merchants, captains or others may favor them with.
