AS DR. WARNER'S practice has become very extensive both in public and private, daily experience convinces him of the propriety of his method of removing the venereal disease, in preference to any medicine vendred or known in Baltimore. He has removed the most desperate cases with care and dispatch, after the failure of some of the able physicians both in Europe and America. Complaints of the urinary passages and details thereof, from various causes and accounts removed in the shortest possible space of time.—As there are persons from various parts cannot personally apply, it may be necessary to inform them, they may be retained from a description of their complaint.
Dr. W. warrants a cure in all cases. Master of vessels and travellers may have their medicines prepared that a safe, effectual and expeditious cure may be effected, without the least restriction in drink or diet.

CALICOES, Furniture Cottons, Shawls and Pocket Handkerchiefs printed and sold by the subscribers, at No. 13, Calvert-street.
To remove a distrust experienced in new undertakings, and often prejudicial to manufacturing attempts in America; they think it proper to observe, that nothing material is wanted in the business to enable good artists to perform the work here, as well as in Europe. That they have these artists—that two of the partners were bred to the business in a factory of the best repute, carried on by their father, and long afterwards by themselves. They trust that while foreign goods are received without a question, an unreasonable suspicion will not prevent their countrymen from giving an equal trial to such as are wrought among themselves—beside a natural doubt, there is room to fear, that certain interests, national as well as individual, may suggest objections to their undertaking—It is necessary therefore to say, that work of the like kind, shall be as well executed here, as by foreign hands abroad. The colors capable of being fixed will be found as permanent, the cloths perhaps of better substance, and the prices lower than of the imported cottons.
The customary credit will be given on good notes or acceptances in the city.
