FROM CUR CORRESPONDENT.

ANNAPOLIS, Nov. 8, 1804. Doctor Charles Frazier has been chosen Speaker of the House of Delegates, without opposition; he was nominated by the late Speaker, Mr Stansbury-the disinterestedness and liberality exhibited by Mr. S. in yielding his pretensions to this honorable and important appointment, has met with the warmest approbation of all republicans here. His conduct in the chair during the last session, merited and no doubt would have met with the cordial support of a majority of the House of Delegates this session, had he not declined the acceptance

On Thursday last, on motion, leave was given to bring in a bill to incorporate a company to make a TURN-PIKE ROAD, leading from the city of Baltimore, through Baltim re, Frederick and Washington counties. The house proceeded to tailor for a committee and the following gentlemen were reported as having been duly elected.

Messis. Sharff, Montgam ry, Clarke and Stephen, Ringgold. Ellicott,

On motion, leave was also given to bring in a bill to incorporate companies to make several turnpike reads through B' ltimere county, and for other purpose. Ordered. That the alor-said committee prepare and bring in the same.

HOUSE OF DELEGATES, Tuesday, November 6, 1804.

Monday the 5 h inst. being the day appointed by the constitution and form of grveinment for the meeting of the legis'ature of this state, several of the members of this house accordingly met on that day, but a sufficient number of members to proceed on bus:ness not appearing, they adjourned until this day, when a sufficie at number of delegates being convened they, sev rally quantified in the presence of each other.

The house appointed Mr. Corn-lius Milis sergeant at arms, Mr. John Trueman, door-keeper, and Me. John Sands assistant door-keeper. Ordered, that they be qualified,

On motion, ord red that Mr. Muir inform the rever and Mr. Wyatt, that the house requisis he will perform Divine service very morning at the meeting of the house.

On motion, ordered, That Mr. Stansbury and Mr. Scott wast on his Excellency the Governor, and inform him, that the Foure is ready to receive any communications he may think proper to make.

The house 2dj. urned till to-morrow morning.

The election for electors will be held to-day throughout this state. And we are sorry to add, that such a rangements have not been made by the opposing candidates, proposed for this district, as we fundly calculated on. With the two named for the city, it properly appertained, to make the necessary adjustment, to unite the support in favor of Jeffe son and Clinton: -but as this has not been effected, it will, at least, furnish the gentlemen an opportunity of testing the strength of their popularity.

The third district is composed of the cities of Baltimore and Annapolis-including Anne Atundel county and that part of Monigomery county, no a tach. ed to the second district. TVO ELECTORS are to be voted for. The Collowing gentlemen have been proposed as candidates-

George P. Keeports and Baltimore. Edward Johnson,

John J. hason, Annapolis. Republicans should remember, that they have a weight of a istocracy in Montgomery to contend with; aid if they wish to sustain our present mild & equal government, under our happy" constitution, they will declare their respect and esteem for the known experience and instexible integrity of Jessersop and Clinton. For if to a shameful division we add a slothful apathy, we may, perhaps, jeopardise the hinest "voice of the district. Let us to the poies then, and give our votes as a testimonial of approbation, in favor of a republican administration.

The following is extracted from some ebseryations made in the Aurora, rela tive to the New, Jersey election. We hope it may tend to rouse the vigilance of the friends of the administration in

this quarters ---We have learned with regret that ... Ship Rebecca, Deale, there has existed much apathy among Scrip Prientz Reeves, the republicans of New Jersey Vin Penn- No folk Deagle, sylvanias dothibe enuld ha apprehended. ince the acpublicant majority is so very

great-but in Jersey, where parties had been balanced but a year ago, we are as. Conished to hear of indolence.

It is almost too late now to attempt to arouse the republicans; we will state an interesting fact, however, the knowledge of which we did not possess before our last paper was published, and which proves that the federalisis contemplate a surprize. During the summer, the feecralists of N w lersey, like those of Philadelphia, prolessed it d fference or the subject of the fall elections; but their influential men lately held a meeting at Trenton and determined to attempt by secret movements to defeat the republicans. In consequence, circular letters were addressed to persons resi ding in the different countres, requir ng them to establish sub-committees, who should observe silence until the day preceding the election, and then ride thro' the allotted districts to call out the federal voters

The plan, we are assured, had been carried into operation as far as related to the organization of the committees; and the republicans of every part of the ! s:a:e, remained ignorant, of the cor cealed movements; by a fortunate circumsiance, information was obtained at a late period, of the circular letters and their object, and measures were taken for its dissemination throughout the state. Such however, had been the confide:.ce of the republicans, such the secrecy of their opponents, and the disc very was made so late, that much . . t, be apprehended if the detect on dues nut de er the sederalists from further exciti-

These circums:ances, and m ny otheis ought to convince the republica s of every part of the union, that there is no safe y but in vigila ce; to remain ble sed 25 We now are, we must not disregard the means by which we tr umphed.

FEDERAL PLOT DISCOVERED.

Since committing the torugon go paper, we have received further and ach n tic information from New Jersey-the federalists will actually at empt to carry their congress and electoral lickets. Their committees have been regenerly organi sed, their hand-bills prepared, and there remains no doubt but their er tire force will be brough out to-morrow.

The following is a copy of the federal circular letter: --

Chairman of the general meeting. Dated 27th Ochaber, 1804."

Information re-pecting the above leiter was not receiven by the republicans until three days aiter its date; on the 31st, meeting was held at Trenton, i consequence of receiving intimation of the inter ded surprise, at which nieasures were concerted for arousing the republicans if New Jersey. The fol lowing, affixed to the above circular, was published in handbilis and immediately distributed.

At a meeting of the republican mem bers of the legislature at Trentor, information was received from undoubled authority that 500 copies of the ab.ve have been struck off and are circulating privately through the state—it is therefore ordered to be printed in handbil's for the information of the republican
