To the Voters of the city and county of Batimore.

HAVING been encouraged by many of my friends in the city and county, to offer myself as a candidate to be put in nomination for the effice of SHERIFF, at the ensuing election, I hope it will not be deemed improper thus early to signify my intention, and to solicit the patronage of my friends generally, and the voters of the city and county at large.

Those who have not a personal knowlege of me, will, on enquiry, find that I have been bred to business, and have been conversant in mer cantile transactions from early life-Should my fellow-civizens think proper, at the expiration of the time of the present sheriff, to bestow on me the office, I trust my conduct therein will be such as will give satisfaction, if a dil gent attention and a faithful discharge of the duties thereof, are capable of doing the same.

Not two Blanks to a Prize. The tickets to be sold in Halves, at five dol-

lars each. The Managers respectfully solicit the aid of the public to accomplish the object of the above Lottery-Considerable exertions for several years having been already-made by an association of ladies, for the education of poor orphans of all denominations-Teachers in every part of the city have been paid quarterly for the schooling of children, and in some instances assisted with necessary clothes, from the precarious resources of subscriptions, public and private do-

nations, charity sermons, &c. The legislature of Maryland have been pleased to grant a lottery to raise a fund upon more stable and permanent principles, for the support of this institution; and the mayor and city council, in sanctioning it by an ordinance, have also given a very honorable testimony of their go d wishes, by relinquishing the customary tax ... The Managers therefore confidently hope, that the above scheme, as well from the benevolence of its intention, as the principle of ad venture, will be inviting to every citizen, in this or any other part of the United States. Adventurers in this lottery, while they feel a conscientious and consoling reflection of having thereby contributed their mite to the permanent establishment of a Free School, for the educatien of poor children, male and female, of every denomination; will also in a pecuniary point of view, experience advantages superior to any other scheme heretofore offered.

For the convenience of purchasers, the managers have though proper to strike off the tickets in halves, leaving it optional with the purchaser to take the whole or half ticket.

The managers have given bond for the faithful

performance of their trust. Sixty days after the drawing is finished the prizes will be paid, subject to a deduction of 12 1-2 per cent.-it not demanded within 12 months after the drawing is finished, they wil be considered as relinquished for the orphans.
