NOTICE

To the Owners and Planters of Tooacco, throughout the State of Maryland, - Virginia and elsewhere.

TNDER a late law of the General Assembly of Maryland a large, specious and commodious Fire-proof Warehouse, built on the end of the centre Market space and Frederickstreet dock, is now ready for the reception, packing and impedion of Tobacco. It is presumed that the great and many advantages attached to this Warehouse, both from its central situation in the city of Baltimore, not being more than 300 yards from the Custom-House of the United States-the little danger from fire. and its easy, and immediate accessibility by water, without any charge for wharfage, will deserve and claim the attention of all persons interested. It is very convenient and near to the merchants who principally buy and deal in Tobacco-always to be approached by the large t craft, hay and coast, with sufficient navigation for all vessels employed in the exportation of this article, not drawing more than twelve feet water Its exemption from risk by fire, and trom wharfage, are also considerations offering peculiar a ivantages. The subscriber promises always to use the utmost dispatch, care and attention for the interest of those who may please to consign their tobacco to his charge. JOSIAS STEVENSON.
