We are happy to learn, that the rumour of capt. Decatur having been killed besore Tripoli, is unsounded: it would have been unfortunate had he not lived to receive the mark of the respect and consideration, lately bestowed upon him by congress. Would it not be well, in some way or other, to give a public and authoritative expression of respect for the valour, and regret at the faie, of the officers and men who have g'oriously failen? Such a tribute could not derogate from the character of the nation, and might be useful, as a stimulus to those who remain to fight the battles of their country.... [Aurora.
