NOTICE

To the Owners and Plinters of Tovacco, throughout the State of Maryland, Virginia and elsewhere.

TNDER a late iam fithe General Assembly of Maryland a large, spacious and con.modious Fire-proof Warehouse, built on the end of the centre Market space and Frederickstreet dock, is now ready for the reception, pack. ing and inspection of Tobacco. It is presumed that the great and many advantages attached to this Warehouse, both from its central situation in the city of Baltimore, not being more than 300 yards from the Custom House of the United States-the little danger from fire, and its easy, and immediate accessibility by water, without any charge for wharfag, will deserve and claim the attention of all persons interested. It is very convenient and near to the merchants who principally bur and deal in Tobacco-always to be approached by the largest craft, bay and coast with sufficient navigation for all vessels employed in the expo. tation of this article, not drawing more than twelve feet water Its exemption from risk by fire, and from wharfage, are also considerations offering peculiar a: vantages The subscriber promises always to use the utmost dispatch, care and attention for the interest of those who may please to consign their tobacco to his charge.
