The Managers respectfully solicit the aid of the public to accomplish the object of the above Lottery-Considerable exertions for several years having been already made by an association of ladies, for the education of poor orphans of all denominations-Teachers in every part of the city have been paid quarterly for the schooling of children, and in some instances assisted with necessary clothes, from the precarious re-

sources of subscriptions, public and private do. nations, charity sermons, &c.

The legislature of Maryland have been pleased to grant a lottery to raise a fund upon more stable and permanent principles, for the support of this institution; and the mayor and city council, in sanctioning it by an ordinance, have alto given a very honorable testimeny of their good wishes, by relinquishing the customary tax ... The Managers therefore confidently hope, that the above scheme, as' well from the bensvolence of its intention, as the principle of ad venture, will be inviting to every citizen, in this or any other part of the United States. Adventurers in this lottery, while they feel a conscientious and consoling reflection of having thereby contributed their mits to the permanent establishment of a Free School, for the education of poor children, male and female, of every denomination; will also in a pecuniary point of view, experience advantages superior to any other scheme heretofore offered.

For the convenience of purchasers, the managers have thought proper to strike off the tickets in halves, leaving it optional with the purchaser to take the whole or half ticket.
