He is a grey Gelding, about 4 years old, in high order, about 15 or 154 hands high. He is a well turned horre, but not a good hack; trots rough, has a teleral le loig switch tail, and his head more white than his body. The villain who stole him was seen this morning about day light, near Beams's tavern, on the Reister's town turnpike road, in com, any with a black man on a black horse; he then had the blind bridle on the Horse, about half worst, which he took from the scable with the horse, and was riding on a blanker in the place of a saddle. we will give Twenty Dollars fo. the horse. if delivered to us in Beltimore; or this y Donars for theif and horse, upon conviction.

There is no doubt but the h ree is stolen by one of the gang of jockeys who are lurking about the city, and it would be well for those who have horses, to keep a vigilant look-out for these fellows, and endeavor if possible to bring them to justice, as a number of horses have lately been stolen in or near the city.
