A fresh supply of DOCTOR COOLEY'S vegetable Elixir, is just received and for sale by GEORGE MARIS, Druggist, No. 140, Market-street. A Remedy, far exceeding every other yet used, for consumptions, asthma, spitting of blood, coughs, shortness of breath, and every other species of disease to which the organs of life, the lungs, is perpetually exposed. Complaints of the lungs have always been considered the opprobria medicine (or reproach of the art of physic) and it has long been a desideratum in medical science, that a remedy might be devised which should check this outlet of human life. The many thousands which yearly fall a sacrifice to this insidious disease, (phthisis pulmonalis, or consumption of the lungs, has ever since my acquaintance with diseases, (which is almost thirty years) excited my commiseration, that a large share of my time has been employed in investigating the cause and cure of it; and, from my most unremitting attention and constant research, I have the happiness to proclaim to the world, that in my Vegetable Elixir, a speedy, safe, and effectual remedy is generally to be had. It is needless for me to dwell too long on the praises of this medicine: those who use it will be immediately convinced of its superior virtues in dispelling every distressing symptom in the complaint above enumerated: these hecal heats will in a few days be allayed, the night sweats will disappear, the cough diminishes rapidly, and the patients, who, previous to the use of this medicine, were panting for breath, and fast approaching dissolution, will find themselves reanimated in the most unexpected manner. So wonderful has been the relief, that, to express their gratitude, frequent solicitations have been made to have their testimonials made public of the unrivalled virtues of this medicine: those who experience its benign and salutary effects by a short trial, will need no other recommendation. It is not pretended that this medicine will cure every disease to which suffering humanity is liable, as is the case with most patient medicines: diseases which are as completely opposite as an acid and an alkali, they will exert, are all to be cured by one simple remedy. Such weak impositions have with much propriety brought most patent drugs into disrepute.—But the Vegetable Elixir is calculated for one class of diseases only, viz. those to which the lungs are exposed, and I need not observe that they terminate in consumptions. The precursors or harbingers of this hitherto intrudable illness, (until the discovery of the Vegetable Elixir) are spitting of blood, pains in the breast and sides, coughs, difficulty in breathing, and a great number of complaints, which slender and delicate constitutions are so frequently laboring under, which if attended to immediately on their commencement, will easily be obviated, and those in the last stages will be much alleviated, and many of them effectually cured. Price 75 cents per bottle. Also, for sale as above, Doctor Cooley's genuine ANTI-PHLEGMATIC ATTENUATING AND RESTORATIVE PILLS, Greatly esteemed in Rheumatic and Bilious complaints—50 cents a box. June 14

Notice, TURTLE soup will be served on the Coffee room, and on the public table at the Fountain Inn, every Monday and Friday during the season. June 7

Land for sale, A PART of that very valuable tract of LAND, formerly the property and residence of John Messer Porter, deceased—situated in Baltimore county, in Back river neck, and about 14 miles from the city—containing 204 acres of strong fertile land, a great part of which is in a high state of cultivation; 16 acres in excellent timothy meadow, and about 20 acres more may be added at a very small expense.—The improvements are of wood, lately erected, and such as would suit for farm houses.—The part in wood, which is at least equal to the support of the place, bounds in lofty white oaks, interspersed with hickory.—This property will be sold part for cash, and part for credit, or deferred for approved property in the city of Baltimore. It is presumed a purchaser will view the premises, therefore it is unnecessary to give any further description of them. Enquire of the subscriber, or to the subscriber, or to the subscriber, apply to Wm. C. GOULDREITH. August 8
