A fresh upply of OCTOR COOLLY's Vegetable Elixir, is

J just received and for sale by GLORGE MARIS, Druggist, No. 140, Market-street. A Remedy, for exceeding every other yet used, for consumptions, athmas, spitting of blood, coughs, shortness of I reath, and every other spacies of disease to which that organ of

life, the lungs, is perpetually exposed. Complaints of the lungs have always been considered the opprobria medicine (or repreach to the art of physic) and it has long been a desideratum in medical science, that a remedy might be devised which should check this outlet of human life. The many thousands which yearly fall a sacrifice to this insidious disease. (phthisis pulmonalis, or consumption of the lungs, has, ever since my acquaintance with diseases, which is almost thirty years) so excited my commisseration, that a large share of my time has been employed in investigating the cruse and cure of it; and, from my most enre mitted attention and constant research, I have the happiness to proclaim to the world, that, in my Vegetable Elixir, a speedy, safe, and effecanal remedy is generally to be had. It is needless for me to dwell too long on the praises of this medicine; those who use it will be immediately convinced of its superior virtues in dispelling every distressing sympton in the complates above enumerated; those hectical heats will in a few days be allayed, the night sweats will disappear, the cough diminishes rapidly, and the patients who, previous to the use of this medicine, were panting for breath, and fast approaching to dissolution, will find themselves resussitated in the most unexpected manners So wonderful has been the relief, that, to express their gratitude, frequent solicitations have been made to have their testimonials made public of the unrivalled virtues of this medicine; those who experience its benign and salutary effects he a short trial, will need no other recommenda-

It is not pretended that this medicine will cure every disease to which suffering humanity is liable, as is the case with most patent medecines; diseases which are as completly opposite as an acid and an alkall, they will assert, are all to be cured by one simple remedy. Such weak impositions have with much propriety brought most patent drugs into disrepute.-But the Vegetable Elixir is calculated for one class of diseases only viz. those to which the lungs are exposed, and I need not observe that they terminate in consumptions. The precursors or harbingers of this hitherto intractable malady, (until the discovery of the Vegetable Elixir are spitting of blood, pains in the breast and sides, coughs, difficulty in breathing, and a great number of complaints, which slender and delicate constitutions are so frequently labor ing under, which if attended to immediately on their commencement, will easily be obviated. and those in the last stages will be much alleviated, and many of them effectually cured .-Price 75 cents per bottle.

Also, for sale as above, Doctor Cooley's Genuine ANTI-PESTILENTIAL ATTENUATING AND

RESTORATIVE FILLS, Greatly esteemed in Rheumatic and Bilicuscom plaints—50 cents a box. June 14
