A fresh supply of

DOCTOR COGLEY'S Vegetable Elixir, is just received and for sale by GEORGE MARIS, Drug-gist, No. 130, Market-street.
A Remedy, far exceeding every other yet used, for consumptions, asthma, spitting of blood, coughs, shortness of breath, and every other species of disease to which that organ of life, the lungs, is perpetually exposed.
Complaints of the lungs have always been considered the opprobria medicine (or reproach to the art of physic) and it has long been a desideratum in medical science, that a remedy might be devised which should check this outlet of human life. The many thousands which yearly fall a sacrifice to this insidious disease, (phthisis pulmonalis, or consumption of the lungs, has, ever since my acquaintance with diseases, which is almost thirty years) so excited my commiseration, that a large share of my time has been employed in investigating the cause and cure of it; and, from my most unintermitted attention and constant research, I have the happiness to proclaim to the world, that, in my Vegetable Elixir, a speedy, safe, and efficacious remedy is generally to be had. It is needless for me to dwell too long on the praises of this medicine; those who use it will be immediately convinced of its superior virtues in dispelling every distressing symptom in the complaints above enumerated; those hectic heats will in a few days be allayed, the night sweats will disappear, the cough diminishes rapidly, and the patients who, previous to the use of this medicine, were panting for breath, and fast approaching to dissolution, will find themselves resuscitated in the most unexpected manner. So wonderful has been the relief, that, to express their gratitude, frequent solicitations have been made to have their testimonials made public of the unrivalled virtues of this medicine; those who experience its benign and salutary effects by a short trial, will need no other recommendation.
It is not pretended that this medicine will cure every disease to which suffering humanity is liable; as is the case with most patent medicines: diseases which are as completely opposite as an acid and an alkali, they will act, are all to be cured by one simple remedy. Such weak impositions have with much propriety brought most patent drugs into disrepute.—But the Vegetable Elixir is calculated for one class of diseases, only viz. those to which the lungs are exposed, and I need not observe that they terminate in consumptions. The precursors or harbingers of this hitherto intractable malady, (until the discovery of the Vegetable Elixir) are spitting of blood, pains in the breast and sides, coughs, difficulty in breathing, and a great number of complaints, which slender and delicate constitutions are so frequently laboring under, which if attended to immediately on their commencement, will easily be obviated, and those in the last stages will be much alleviated, and many of them effectually cured.—Price 75 cents per bottle.
Also, for sale as above,
Doctor Cook's Genuine
ANTI-PHTHISIAL ATTENUATING AND RESTORATIVE PILLS,
Greatly esteemed in Rheumatism and Biliousness.
Price 50 cents a box
