The Subscriber
IS authorized to receive subscriptions of Stock
in the Washington TONTINE. Persons
disposed to subscribe, will please to make early
application. The views of Mr. Stoddert will be
best explained by his letter to me—extract
from which I subjoin.
FRANCIS JOHONNOT.
"Georgetown, October 29, 1865.
"I hope those in Baltimore, who mean to
venture in the Tontine, will make their sub-
scriptions in November, and the earlier in that
month, the more agreeable it will be. I want,
if possible, to have the whole completed by the
first of December, that I may have one month
to employ in arranging every thing relating to
this institution, in a way, so clear, as to avoid
the possibility, at least the probability, of alter-
cation hereafter. You know that on the 31st of
December every single share of stock must de-
pend upon some life, which cannot afterwards
be changed. I wish, indeed, by attention be-
forehand, to avoid every thing like the necessity
of alteration or even explanation afterwards. I
mean particularly in regard to the description of
the lives chosen for the Stock to depend upon.
"In the list you sent me of subscriptions, the
description of the lives is not full enough. In
but few instances have you mentioned their
places of residence; I presume they are all of
Baltimore; but I ought to be certain. In some
instances you have omitted the names of the
parties, in others, their residence—all these
things are necessary. Be so good as to send
me another list, supplying every thing that the
second article of the institution requires. A
time will come, when the existence or non-
existence of a single share, will be worth a
contest.
"I informed you, or meant to do so, some-
time ago, that the title to the lots had been
examined, and approved of by Messrs. Key and
Mason, and that the deeds had been drawn and
recorded under their direction, as provided by
the first article. This was done, I think, in May.
The lots have been lately placed in the hands
of an agent for sale, and a few have been sold
to sufficient profit. The real interest of the
institution will probably be best served, by suf-
fering no sales until better times; but it has
been thought right to fix the foundation now,
for dividends in 1866."
