Hand and sledge hanimers Brass and iron wire, No. 1 to 25 Mill, cross cut, pit and hand saws London and Bristol pewter Fine and coarse seine and sewing twine,

The Subscriber TS authorised to receive subscriptions of Stock I in the Washington TONTINE. Persons disposed to subscribe, will please to make early application. The views of Mr. Stoddert will be best explained by his letter to me-an extract

from which I subjoin FRANCIS JOHONNOT. "Georgetown, October 29, 1805. "I hope those in Baltimore, who mean to adventure in the Tontine, will make their subecriptions in November, and the earlier in that month, the more agreeable it will be. I want, if possible, to have the whole completed by the first of December, that I may have one month to employ in arranging every thing relating to this institution, in a way, so clear, as to avoid the possibility, at least the probability, of altercation hereafter You know that on the 31st of December every single share of stock must depend upon some life, which cannot afterwards be changed. I wish, indeed, by attention be-

mean particularly in regard to the description of the lives chosen for the Stock to depend upon. "In the list you sent me of subscriptions, the description of the lives is not full enough. In but sew instances have you mentioned their places of residence; I presume they are all of Haltimore; but I ought to be certain. In some instances you have omitted the names of the parents, in others, their residence—all these things are necessary. Be so good as to send me another list, supplying every thing that the second article of the institution requires. A time will come, when the existence or nonexistence of a single share, will be worth a

forchand, to avoid every thinglike the necessity

of alteration or even explanation afternards.

contest. " I informed you, or meant to do so, sometime ago, that the title to the lots had been examines and approved of by Messrs. Key and Mason, and that the theeds had been drawn and recorded under their direction, as provided by the first article. This was done, I think, in May. The lots have been lately placed in the hands of an agent for sale, and a few have been sold to sufficient profit. The real interest of the Institution will probably be best serred, by suffering no sales until better times e but it has been thoughtiright to: fix the tipendition now. ·for dividerds in 18087
