Is authorized to receive subscriptions of Stock  
in the Washington TONTINE. Persons  
disposed to subscribe, will please to make early  
application. The views of Mr. Stoddert will be  
best explained by his letter to me—an extract  
from which is subjoined.  
**FRANCIS JOHONNOT.**  
"George town, October 29, 1865.  
"I hope these in Baltimore, do mean to  
adventure in the Tontine, will make their sub-  
scriptions in November, and the earlier in that  
month, the more agreeable it will be. I want,  
if possible, to have the whole completed by the  
first of December, that I may have one month  
to employ in arranging every thing relating to  
this institution, in a way, so clear, as to avoid  
the possibility, at least the probability, of alter-  
cation hereafter. You know that on the 31st of  
December every single share of stock must de-  
pend upon some life, which cannot afterwards  
be changed. I wish, indeed, by attention be-  
forehand, to avoid every thing like the necessity  
of alteration or even explanation afterwards. I  
mean particularly in regard to the description of  
the lives chosen for the Stock to depend upon.  
"In the list you sent me of subscriptions, the  
description of the lives is not full enough. In  
but few instances have you mentioned their  
places of residence; I presume they are all of  
Baltimore; but I ought to be certain. In some  
instances you have omitted the names of the  
parents, in others, their residence—all these  
things are necessary. Be so good as to send  
me another list, supplying every thing that the  
second article of the institution requires. A  
time will come, when the existence or non-  
existence of a single share, will be worth a  
contest.  
"I informed you, or meant to do so, some-  
time ago, that the title to the lots had been  
examined and approved of by Messrs. Key and  
Mason, and that the deeds had been drawn and  
recorded under their direction, as provided by  
the first article. This was done, I think, in May.  
The lots have been lately placed in the hands  
of an agent for sale, and a few have been sold  
to sufficient profit. The real interest of the  
institution will probably be best served, by suf-  
fering no sales, until better times, but it has  
been thought right to fix the foundation now,  
for dividends in 1868."
