Nov. 14 WITH sincere thanks to the numerous and respectable assembly, who attend the

Philosophical Exhibition, of the Subscriber on Tuesday evening last, he laments t'e disappointment, which both them and himself felt, on account of several events, which rendered the representation so much less interesting, than they had a right to expect, and the subscriber fully intended, and hoped it

would have been. Several of the most interesting experiments, in the first part of the exhibition, were entirely defeated, by an unfortunate accident, which shall hereafter be strictly guarded against.

But it is with extreme regret, the subscriber states, that the Optical part of the representation, was in a great measure marred, by the intrusions of persons into the area, between the spectators and the scenes, and which compelled him from the consequent derangement of operation, to omit many of the most interesting pieces. He hopes that after this notice, no such instruction will hereafter take place.

There were numerous instances in the evening, of persons entering the room without delivering their tickets; such as were admitted in this manner, the subscriber hopes, will be so good as to send back their tickets to the place from whence they received them, or to the subscriber.

In consequence of some necessary alterations and arrangements in the room, the next exhibition will be postponed till WEDNESDAY NEXT, the 12th inst. at half past 60'clock, P. M. and will be positively continued in future, on every WEDNESDAY and SATURDAY, at the same hour.
