Literary and Commercial

SEMINARY,

Second door from the north west corner of North

and Lexington-streets,

FOR BOYS BETWEEN THE AGES OF SEVEN

AND TWELVE YEARS.

THE superior pleasure derived from unfold-
ing the infant mind; the flexibility of
early youth; the force of first principles and
habits; and the difficulty of correcting more
advanced age, are the reasons which have in-
duced the subscriber, to wish to confine his la-
bors to so young a part of the community.

The advantages resulting from associating
together, boys of nearly the same age, must,
he conceives, be obvious to every one: there-
by any number may be more effectually taught;
greater emulation will be produced, and their
moral character rendered less liable to be corrupted.

The subscriber who has taught in some of
the first academies in Great Britain, has for
the last twelve months, been engaged in a re-
spectable female academy in this city; where,
although his labors have been necessarily con-
fined, yet he flatters himself, sufficient has
been done to convince the public of his ability,
for the proposed undertaking.

Parents desirous that their sons should com-
plete their education at college, will here have
an opportunity of having them early qualified
for that purpose; as in this institution will be
taught, in addition to other branches, the Latin
and the elements of the Greek language,
together with so much of Mathematical Sci-
ence, as may be adapted to their tender capaci-
ties; but especially, care will be taken to make
the youth read, write and speak the mother
tongue with propriety, elegance and correct-
ness.

A proper person will be engaged to teach
the French language.

To illustrate the sciences of Geography and
Astronomy, an elegant pair of Globes are pro-
cured, to which will be added Maps, Charts
and appropriate Diagrams.

In order to make an amusement, rather than
a toil of teaching, and to obviate the inconve-
niences attending crowded academies, in which
a great part of the business must devolve on
persons having only a secondary interest, it is
determined that the number of pupils shall on
no account whatever exceed twenty.

Particulars may be known by applying
to Messrs. Sower & Co's Book store, No. 3,
Light-street, next door to the Coffee-house
(Mrs. Biron's Academy, Pratt-street, 67,
No. 48, South Charles-street,

In consequence of the encouragement which
my proposals have already met, with, I have
determined to commence on MONDAY, the 31st
