TO BE SEEN

Two Dromedaries,

FROM ARABIA.

THESE are the first of the species ever imported into this country. The value of them is such, that the Arabian, possessed of his Dromedary, has nothing either to want or to fear. They will travel at the rate of a hundred miles in a day, 5 or 6 days together, without either eating or drinking. They are part like the horse, cow, sheep, and the rabbit and are the most docile animal in the world. They kneel down, take on their load, and wait the pleasure of their keeper to rise. They arrive at their full growth at 6 years old, which is about 20 hands high, and live to the age of 40 or 50 years. The oldest of the above is forty years, and the youngest 17 months.
These astonishing Animals are to be seen at No. 36, opposite the lower Marsh-market. It is to be hoped the Ladies and Gentlemen of Baltimore will not lose this favourable opportunity which may be the only one (at least for many years) of viewing these surprising animals, so much spoken of by naturalists and Historians.
Admittance 25 cents, children hal price.

A Curious Seal.

A CURIOUS invented GALLERY WATCH SEAL, with a Key in the bottom; this Seal is composed of twenty-five pieces pins and screws, and when together is firm and complete, as if one piece, there being no perceptible difference on the exterior work from Gallery Seals in general, except the small projecting part, which is pushed to give rise to the key in the bottom, which discloses the key, whereas are the springs and four pins, those pins taken out, disunites the bottom and gallery, which leads to four pins in the gallery; those taken out separates the gallery and branch, then leads to the top which is disjoined by a screw. The inventor of this curiosity is disposed to offer it for sale to any gentleman of taste and fancy, as being the only one of this kind ever known, and he may, without any undue eulogium, pronounce it a great novelty and curiosity. It may be seen at Mr. George Akins's, No 73, Market-street.

VENEREAL COMPLAINTS.
AS Dr. WARNER'S practice has been very extensive both in public and private, daily experience convinces him of the propriety of his method of removing the venereal disease, in preference to any medicine vended or known in Baltimore. He has removed the most desperate cases with care and dispatch, after the failure of some of the ablest physicians both in Europe and America. Complaints of the urinary passages and debility thereof, from various causes and accidents, removed in the shortest possible space of time.—As there are persons from various causes cannot personally apply, it may be necessary to inform them, they may be relieved from a description of their complaint.
Dr. W. warrants a cure in all cases. Masters of vessels and travellers may have their medicines so prepared, that a safe, effectual and expeditious cure may be effected, without the least restriction in drink or diet.
N. B. Dr. Warner has removed to the corner Calvert and Bank-streets.
