Cheap Bread Manufactory, By WM. LOVELL, No. 52, N. Howard-street, [17110] begs leave to inform the Citizens of this town, that in consequence of a rise of flour since its commencement, the 15th of May, of \$2 per barrel, and seeing no prospect of its lowering, he is under the necessity of reducing his 5 cent loaves from 24 ounces, as state-t-before, to 21, and the large bread in proportion, that being equal to \$1.50 perbarrel, so that the public have a further advantage of 'one ounce in the five cent loaf, and assuresthem that they shall be supplied at all times with Bread on as good terms as stated in his former publication as the price of flour will admit of; at the same time begs leave to return his sincere thanks to the ladies and gentlemen for the great encouragement he has received and apologises for not having been able at all times to supply them with bread, which has been owing to the great demand; and informs them that he will as soon as convenient, build two large additional ovens, and will have in a few days carts out to supply those families he has been obliged to refuse, and be enabled to bake sufficient for his demands. Superfine flour at 5 cents a pound-Bread exchanged for flour pound for pound, as before stated.
