Fire Insurance.
THE SUBSCRIBER HAVING RECEIVED POWERS AND INSTRUCTIONS FROM THE
PHOENIX COMPANY OF LONDON,
 Is fully authorized to effect insurance on Houses, Buildings, Stores, Ships in Harbor, Goods, War, and Merchandise, in any part of the state of Maryland.
 FROM LOSS OR DAMAGE BY FIRE,
 on terms so moderate, as will, it is presumed, make it the interest of all to resort to a measure so well calculated to give additional security to commercial transactions; and to afford protection from the injury which Fires have so often occasioned.
 In this Office, no insured person is liable to any call to make good the losses of others; but in case of Fire, the Sufferer will be fully indemnified with that liberality and promptness which have always distinguished this Company, requiring no other delay (even when presumption of fraud appears) than is necessary to distinguish the honest Sufferer from the fraudulent incendiary.
 As a proof of the usefulness of this Institution, and the benefit that individuals have derived from it, it is only necessary to state, that since the commencement of the Office, in 1783, near SEVEN MILLIONS OF DOLLARS have been paid to claimants upon their Policies.
 The following is published for the information of those who reside at a distance.
CONDITIONS OF INSURANCE.
 I. PERSONS desirous to make Insurance on Buildings, are to take leave to the Agent for the following particulars, viz: Of what materials the walls and roof of each building are constructed, as well as the construction of the buildings contiguous thereto; whether the same are occupied as private dwellings, or any otherwise—where situated also, the name or names of the present occupants.
 Each building must be separately valued, and a specific sum insured thereon—and in like manner for separate sums insured on the property contained therein.
 All manufacturers which contain furnaces, kilns, stoves, or bells, ovens, or other work use fire, to be insured, are to be valued at full rates.
 In the valuation of Cotton Mills, or Manufactories, the building or place in which the same are deposited, is to be described, also other such goods, are of the kinds denominated hazardous, and whether any machinery is kept on in the premises. And if any persons or persons shall insure, his or their buildings, or goods, shall cause the same to be re-estimated in the policy, otherwise than as they really are, so that the same being at a lower rate than what would be estimated if the true situation or quality of the buildings or goods were made known, such insurance shall be of no effect.
 II. Goods held in trust, or on commission, are to be insured as such, otherwise the policy will be void, as to such property.
 III. No loss or damage to be paid for fire happening by any invasion, lightning, cracking, and emanation, riot, or any military or usurped power whatever, nor for damage done by fire occasioned by earthquakes or hurricanes; but this company will make good losses on property burnt by lightning.
 IV. Books or accounts, written securities, bills, bonds, titles, and ready money, cannot be insured.
 V. Jewels, plate, medals, or other curiosities, paintings, or sculptures, are not to be insured in any insur, unless such articles are specified in the policy.
 VI. Persons insuring property at this office, must give notice of any other insurance made elsewhere of their behalf on the same, and cause such other insurance to be endorsed on their policies; in which case each office shall be liable to the payment only of a ratable proportion of any loss or damage which may be sustained, and on such notice is given, the insured will not be entitled to recover in case of loss.
 VII. No order for insurance will be of any force, unless the premium is paid to the agent, or unless a sum has been advanced, and the agent has delivered his receipt on account of the policy; and all persons desirous to obtain their insurances, must make their future payments annual, within fifteen days after they are limited by their respective policies, or the same will be void.
 VIII. All persons assured by this company, sustaining any loss or damage by fire, are to be indemnified by the company's agent, and are to give notice of their loss, in writing, as soon as possible after the fire, in as particular an account of their loss or damage, signed with their own hands, as the nature of the case will admit of, and make proof of the same by the oath or affirmation, and by their books of accounts, or other proper vouchers, as shall be reasonably required; and shall procure a certificate from the hand of a magistrate or sworn notary of the city or district in which the fire happened, not concerned in such loss, importing that they are acquainted with the character and circumstances of the person or persons insured, and do know, or verily believe, that he, she, or they, really, and by misfortune, without any kind of fraud or evil practice, have sustained by such fire, loss or damage to the amount therein mentioned; and, until such affidavit and certificate are produced, the loss money shall not be payable; also, if there appears any fraud or false swearing, the claimant shall forfeit his claim to restitution or payment, by virtue of his policy.
 IX. In case any difference or dispute shall arise between the assured and the company, touching any loss or damage, such difference may be submitted to the judgment and determination of arbitrators indifferently chosen, whose award in writing shall be conclusive and binding to all parties. And when any loss or damage shall have been duly proved, the insured shall receive satisfaction, to the full amount thereof, without allowance of any discount, fees, or other deduction whatever.
 X. Persons choosing to insure for seven years, will be charged for six years only; also, for a less number of years than seven, will be allowed a reasonable discount.
 Pitch, Tar, Turpentine, Sassafras, Flax, Hemp, Oils, and Tallow, are deemed hazardous goods; Tallow-melters, Soap-makers, Brewers, Dealers in Spirituous Liquors, Vinegar and Sweet-makers, Hemp and Flax-dressers, Printing-houses, Coopers, Cabinet-makers, Coach-makers, Malt-houses, Bakers, Ship-chandlers, Boat-builders, Rope-makers, Sugar-refiners, Distillers, Coymists, Varnish-makers, Turpentine-works, Theatres, and all Mills and Machinery, are deemed extra-hazardous, and the rate upon such risks will be proportionally increased.
 Ships in port, and their cargoes; ships building or repairing; also barges, and other small craft, with goods on board, may be insured against fire, at 75 cents for one year—45 cents for six months, and 37 1/2 cents for three months per 100 dollars.
 Barns, Stables, Hay and grain contained in them, or in stacks or ricks, and live stock, will be insured at such premium as may be agreed on.
 The rates on buildings, (and on property contained in them) depend so much on the materi-

 WE, the subscribers, of the city of Baltimore, do hereby certify, that Mr. William Merryman has acted towards us, as his creditors, in an honorable and upright manner—and has settled with us, we believe, to the utmost of his ability, and much to our satisfaction.

 And further, after the insolvent act was passed in his favor, he shewed no disposition to use it to our injury, but made us, his creditors, such liberal propositions as to convince us of his correct intentions towards us.
