50 Dollars Reward.
RAN away on Saturday the 27th inst. from the country residence of the subscriber, a Negro Man called PETER, formerly owned by Mr. Joseph Young, of this city. He is about 5 feet 6 inches high, stout made, rather handsome than otherwise, has tolerable good teeth, was very lame when he went off, owing to the wheel of a carriage in cleaning it falling upon his foot; has a particular aversion to giving a direct answer; but always says, "I reckon," to every question the most positive; and is constantly talking to himself as if grumbling. His clothes were numerous, among them was a blue cloth coat, a brown cloth coat, a dove colored twined nanken coat, considerably faded from washing, the sleeves of which have been let out; several handsome Marseilles vests of different patterns, all very short; shirts of fine white Irish linen; pantaloons and garters of India nanken, very good; and of the present mode; a fashionable Beaver hat, quite new, maker's name in the crown, Wm. Branson, Hatter, 151, Market-street, Baltimore. The above reward will be given for apprehending said negro out of the state, and lodging him in jail so that I get him again; or thirty dollars if within the state. All masters of vessels and others are forewarned from hiring or employing him under penalty of the law to its utmost extent.

Worm-Destroying Lozenges.
WHICH have within seven years past cured upwards of one hundred thousand persons of both sexes, of every age and in every situation, of various dangerous complaints arising from worms, and from obstructions of foulness in the stomach and bowels.
This medicine bears no analogy whatever to others of similar title, so commonly complained of as operating with violence; on the contrary, the particular excellence of this remedy is its being suited to every age and constitution; contains nothing but what is perfectly innocent, and is so mild in its operation that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body; but will without pain or griping cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. They are particularly efficacious in carrying off all gross humours and eruptions; feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.
Also may be had,
Lee's celebrated Anti-Bilious Pills,
Lee's Corn Plaister,
Lee's Elixir for Coughs, &c. and likewise, the highly esteemed Damask Lip Salve, with a variety of other medicines, suitable for the season.
The above valuable Medicines sold wholesale and retail by Warner and Hanna, Market-street, and by N. Knight, Fell's-street, Fell's-Point.

He took with him a good many clothes, among which was a red kersey round jacket and trousers of the same; one pair of coarse country linen trousers; two shirts, and one Irish linen shirt; one spotted calico round jacket; one white Marseilles under jacket, and some other clothing not recollected. Fire Insurance.

THE SUBSCRIBER HAVING RECEIVED POWERS AND INSTRUCTIONS FROM THE
PHOENIX COMPANY OF LONDON,
Is fully authorized to effect insurance on Houses, Buildings, Stores, Ships in Harbor, Goods, Wares and Merchandise, in any part of the state of Maryland,
FROM LOSS OR DAMAGE BY FIRE.
On terms so moderate, as will, it is presumed, make it the interest of all to resort to a measure so well calculated to give additional security to commercial transactions, and to afford protection from the injury which Fires have so often occasioned.
In this Office, no insured person is liable to any call to make good the loss of others; but in case of Fire, the Sufferer will be fully indemnified with that liberality and promptness which have always distinguished this Company; requiring no other delay (even where presumption of fraud appears) than is necessary to distinguish the honest Sufferer from the fraudulent incendiary.
As a proof of the usefulness of this Institution, and the benefit that individuals have derived from it, it is only necessary to state, that since the commencement of the Office, in 1782, near SEVEN MILLIONS OF DOLLARS have been paid to claimants upon their Policies.
The following is published for the information of those who reside at a distance.
CONDITIONS OF INSURANCE.
I. PERSONS desirous to make Insurance on BUILDINGS, are to deliver in to the Agent the following particulars, viz—Of what materials the walls and roof of each building are constructed, as well as the construction of the buildings contiguous thereto—whether the same are occupied as private dwellings, or how otherwise—where situated—also, the name or names of the present occupiers.
Each building must be separately valued, and a specified sum insured thereon—and in like manner a separate sum insured on the property contained therein.
All manufactories which contain furnaces, kilns, stoves, coals, ovens, or otherwise use fire-heat, are chargeable at an additional rate.
In the insurance of GOODS, WARES, or MERCHANDISE, the building or place in which the same are deposited, is to be described; also whether such goods are of the kinds denominated hazardous, and whether any manufactory is carried on in the premises. And if any person or persons shall insure his or their buildings, or goods, and shall cause the same to be described in the policy otherwise than as they really are, so as the same be charged at a lower premium than would be demanded if the true situation or quality of the buildings or goods were made known, such insurance shall be of no force.
II. Goods held in trust, or on commission, are to be insured as such, otherwise the policy will not extend to cover such property.
III. No loss or damage to be paid on fire happening by any invasion, foreign enemy, civil commotion, riot, or any military or usurped power whatever, or for damage done by fire occasioned by earthquakes or hurricanes; but this company will make good losses on property burnt by lightning.
IV. Books of accounts, written securities, bills, bonds, tallies, and ready money, cannot be insured.
V. Jewels, plate, medals, or other curiosities, paintings and sculptures, are not included in any insurance, unless such articles are specified in the policy.
VI. Persons insuring property at this office, must give notice of any other insurance made elsewhere on their behalf on the same, and cause such other insurance to be endorsed on their policy, in which case each office shall be liable to the payment only of a rateable proportion of any loss or damage which may be sustained; and unless such notice is given, the insured will not be entitled to recover in case of loss.
VII. No order for insurance will be of any force, unless the premium is paid to the agent, or unless a sum has been advanced, and the agent has delivered his receipt on a count of the office; and all persons desirous to continue their insurances, must make their future payments annually within fifteen days after the day limited by their respective policies, or the same will be void.
VIII. All persons assured by this company, sustaining any loss or damage by fire, are forthwith to give notice to the company's agent, and as soon as possible after, to deliver in as particular account of their loss or damage, signed with their own hands, as the nature of the case will admit of, and make proof of the same by their oath or affirmation, and by their books of accounts, or other proper vouchers, as shall be reasonably required; and shall procure a certificate, under the hand of a magistrate or sworn notary of the city or district in which the fire happened, not concerned in such loss, importing that they are acquainted with the character and circumstances of the person or persons insured, and do know, or verily believe, that he, she, or they, really, and by misfortune, without any kind of fraud or evil practice, have sustained by such fire, loss and damage to the amount therein mentioned; and until such affidavit and certificates are produced, the loss money shall not be payable; also, if there appears any fraud or false swearing, the claimant shall forfeit his claim to restitution or payment, by virtue of his policy.
IX. In case any difference or dispute shall arise between the assured and the company, touching any loss or damage, such difference may be submitted to the judgment and determination of arbitrators indifferently chosen, whose award in writing shall be conclusive and binding to all parties. And when any loss or damage shall have been duly proved, the insured shall receive satisfaction, to the full amount thereof, without allowance of any discount, fees, or other deduction whatever.
X. Persons choosing to insure for seven years, will be charged for six years only; also, for a less number of years than seven, will be allowed a reasonable discount.
Pitch, Tar, Turpentine, Saltpetre, Flax, Hemp, Oils, and Tallow, are deemed hazardous goods: Tallow-melters, Soap-makers, Brewers, Dealers in Spirituous Liquors, Vinegar and Sweet-makers, Hemp and Flax-dressers, Printing-houses, Coopers, Capenters, Cabinet-makers, Coach-makers, Malt-houses, Bakers, Ship-chandlers, Boat-builders, Rope-makers, Sugar-refiners, Distillers, Chymists, Varnish-makers, Turpentine-works, Theatres, and Mills and Machinery, are deemed extra-hazardous, and the rate upon such risks will be proportionally increased.
Ships in port, and their cargoes; ships building or repairing; also barges, and other small craft, with goods on board, may be insured against fire, at 75 cents for one year—45 cents for six months, and 37 1/2 cents for three months per 100 dollars.
Hams, Stables, hay and grain contained in them, or in stacks or ricks, and live stock, will be insured at such premium as may be agreed on.
The rates on buildings, (and on property contained in them) depend so much on the materi-

Fire Insurance.

als of which they are constructed, the value for which they are insured, and the position with respect to other buildings that may be adjacent thereto, that particular attention should be paid to these circumstances in the order of insurance.
In cases requiring a Surveyor's report on the plan of the buildings, where there are so many insurors, their situation with respect to each other and to other buildings, such survey or plan may be furnished by the Assured, or at his expense; but, where a clear description of the property can be given, of which the Agent must be the judge, they may be dispensed with. The Assured is subject to no charge or expense in this Office, except 50 cents for the Policy.
In stating the sums for which insurance may be requested on any property, it should be recollected that insurance only is the object of insurance against fire, and that *benefit*, or *expected profit* for advantage, beyond a just estimate of the value of the property destroyed, is against the principles of the contract.
Orders left at the Marine Insurance Office, in Second street, will be attended to.

Agent for the Phoenix Assurance Company of London.
The Phoenix Company having Agents in Philadelphia, New-York, Charleston, Savannah, and New Orleans, persons having property in those places, are referred to the respective Agents.

Lee's Anti-Bilious Pills.

THE operation of these pills is perfectly mild, as to be used with safety by persons in every situation and of every age.
They are excellently adapted to carry off superfluous bile, and prevent its morbid secretions—to restore and amend the appetite—to produce a free perspiration, and thereby prevent colds, which are often of fatal consequences. A dose never fails to remove a cold, if taken on its first appearance—they are celebrated for removing habitual costiveness—sickness at the stomach, and severe head aches, and ought to be taken by all persons on a change of climate.
They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.
