RAN away on Saturday the 27th inst. from the country residence of the subscriber, a Negro Man called PETER, formerly owned by Mr. Joseph Young, of this city. He is about 5 feet 6 inches high, stout made, rather handsome than otherwise, has tolerable good teeth, was very lame when he went off, owing to the wheel of a carriage in cleaning it falling across his foot; has a particular aversion to giving a direct answer; but always says, "I reckon," to every question the most positive; and is constantly talking to himself as if grumbling. His clothes were numerous, among them was a blue cloth coat, a brown cloth coatee rather rusty though not much worn; a dark colored twilled Nankeen coatee, considerably faded from washing, the sleeves of which have been cut out; several handsome Marseilles vests of different patterns, all very fine; shirts of fine white Irish linen; pantaloons and gaiters of India nankeen, very good, and of the finest mode; a Baltimore Beaver hat, quite new, maker's name in the crown, Wm. Brunson, Hatter, 231, Market-street, Baltimore. The above reward will be given for apprehending said negro out of the state, and lodging him in jail so that I get him again; or 30 dollars if within the state. All masters of vessels and others are forewarned hiring or employing him under penalty of the law in that behalf made and provided.

CALEB M'KENZIE, *Mathematical Instrument Maker*, from Philadelphia, at No. 21, Thames-street, Fell's-Point, next door to Mr. James Ramsey's, takes this method of informing the citizens of Baltimore, the Mercantile and seafaring part in particular, that he has been induced, in consequence of the death of Mr. Sweeny, to leave a very good establishment in Philadelphia for the purpose of carrying on the above business in this city where he flatters himself from his being regularly brought up to his profession, by an apprenticeship of seven years, added to the experience of five years as a foreman, and two years as a master, he shall be enabled to give every satisfaction to those gentlemen who may please to honor him with their business; and as C. M'Kenzie is the only person at present in this city, who has been regularly bread to his profession, he has reason to hope that he will have no cause to regret the exchage he has made.

N. B. Sextants, Quadrants, Telescopes and Compasses cleaned and repaired in the most correct manner. Brass and wood compasses made to any size or dimension. Gauging rods of all kinds made on the most approved construction.

I do certify that the bearer Caleb M'Kenzie has been regularly instructed by me, in the Mathematical and Optical branches of business, and that he is capable of carrying on the same in such a manner, as to give satisfaction to all those who are inclined to employ him.

THOMAS BIGGS,
