Notice.

MAYOR'S OFFICE, 17th May, 1806.
IN consequence of an Ordinance, entitled, "An Ordinance for regulating weights and measures, used within the city and precincts of Baltimore." Notice is hereby given that accurate standards of weights and measures, have been prepared; and that An'rew Snyder, has been appointed keeper of the standards of weights, Michael Grubb, keeper of the standards of dry and long measures and Joseph Diskins, keeper of the standards of liquid measures, and that said standards being now prepared, to regulate and adjust weights and measures, according to their several appointments and conformably to the aforesaid Ordinance.

THOROWGOOD SMITH,
Mayor of the City of Baltimore.

May 17 d

To the Public.

Caleb M'KENZIE, Mathematical Instrument Maker from Philadelphia, at No. 21, Tharpe-street, Fell's-point, next door to Mr. James Ramsey's, takes this method of informing the citizens of Baltimore, the Mercantile and seafaring part in particular, that he has been induced, in consequence of the death of Mr. Sweeney, to leave a very good establishment in Philadelphia, and to pursue of carrying on the above business in this city, where he flatters himself from his being regularly brought up to his profession, by an apprenticeship of seven years, added to the experience of five years as a foreman, and two years as a master, he shall be enabled to give every satisfaction to those gentlemen who may please to honor him with their business; and as C. M'Kenzie is the only person at present in this city, who has been regularly brought up to his profession, he has reason to hope that he will have no cause to regret the exchange he has made.

Mathematical Quadrants, Telescopes and Compasses cleaned and repaired in the most correct manner. Brass and wood compasses made to any size or dimension. Gauging rods of all kinds made on the most approved construction.

I do certify that the before Caleb M'Kenzie has been regularly instructed by me, in the Mathematical and Optical branches of business, and that he is capable of carrying on the same in such a manner as to give satisfaction to all those who are inclined to employ him.

THOMAS BIGGS,
Mathematical and Optical instrument maker,
No. 23 South-street, Philadelphia.

We believe the above character given of Mr. Caleb M'Kenzie to be strictly just and well deserved.

Fire Insurance.

THE SUBSCRIBER HAVING RECEIVED POWERS

AND INSTRUCTIONS FROM THE PHOENIX COMPANY OF LONDON,

Is fully authorized to effect insurance on Houses, Building, Stores, Ships in Harbor, Goods, Ware and Merchandise, in any part of the state of Maryland,

FROM LOSS OR DAMAGE BY FIRE.

On terms so moderate, as will, it is presumed, make it the interest of all to resort to a measure so well calculated to give additional security to commercial transactions, and to afford protection from the injury which fires have so often occasioned.

In this Office, no insured person is liable to my call to make good the losses of others; but in case of fire, the sufferer will be fully indemnified with that liberality and promptness which have always distinguished this Company; requiring no other delay (even where presumption of fraud appears) than is necessary to distinguish the honest sufferer from the fraudulent incendiary.

As a proof of the usefulness of this Institution, and the benefit that individuals have derived from it, it is only necessary to state, that since the commencement of the Office, in 1782, near SEVEN MILLIONS OF DOLLARS have been paid to claimants upon their Policies.

The following is published for the information of those who reside at a distance.

CONDITIONS OF INSURANCE.

I. PERSONS desirous to make Insurance on BUILDINGS are to deliver in to the Agent, the following particulars, viz.—Of what materials the walls and roof of each building are constructed, as well as the construction of the buildings contiguous thereto—whether the same are occupied as private dwellings, or how otherwise—where situated—also, the name or names of the present occupiers.

Each building must be separately valued, and a specified sum insured thereon—and in like manner a separate sum insured on the property contiguous thereto.

All manufactory which contains furnaces, kilns, stoves, coakels, ovens, or otherwise use fire heat, are chargeable at additional rates.

In the insurance of Goods, Wares, or MERCHANDISE, the building or place in which the same are deposited, is to be described; also whether such goods are of the kinds denominated Hazardous, and whether any manufactory is carried on in the premises. And if any person or persons shall insure his or their buildings or goods, and shall cause the same to be described in the policy otherwise than as they really are, so as the same be charged at a lower premium than would be demanded if the true situation or quality of the buildings or goods were made known, such insurance shall be of no force.

II. Goods held in trust, or on commission, are to be insured as such, otherwise the policy will not extend to cover such property.

III. No loss or damage to be paid on fire happening by any invasion, foreign enemy, civil commotion, riot, or any military or usurped power whatever; nor the damage done by fire occasioned by earthquakes or hurricanes; but this company will make good losses on property burnt by lightning.

IV. Books or accounts, written securities, bonds, tallies, and ready money, cannot be insured.

V. Jewels, plate, medals, or other curiosities, paintings and sculptures, are not included in any insurance, unless such articles are specified in the policy.

VI. Persons insuring property, at this office, must give notice of any other insurance, made elsewhere on their behalf on the same, and cause such other insurance to be endorsed on their policies; in which case each office shall be liable to the payment only of a rateable proportion of any loss or damage which may be sustained; and unless such notice is given, the insured will not be entitled to recover in case of loss.

VII. No order for insurance will be of any force, unless the premium is paid to the agent, or unless a sum has been advanced, and the agent has delivered his receipt on account of the office; and all persons desirous to continue their insurance, must make their future payments annually within fifteen days after the day limited by their respective policies, or the same will be void.

VIII. All persons assured by this company, sustaining any loss or damage by fire, are forthwith to give notice to the company's agent, and as soon as possible after, to deliver in as particular account of their loss or damage, signed with their own hands, as the nature of the case will admit of, and make proof of the same, by their oath or affirmation, and by their books of accounts, or other proper vouchers, as shall be reasonably required, and shall procure a certificate, under the hand of a magistrate or a sworn Notary of the city or district in which the fire happened, not concerned in such loss, importuning that they are acquainted with the character and circumstances of the person or persons insured, and do know, or verily believe, that he, she, or they, really, and by malice, without any kind of fraud or evil practice, have sustained by such fire, loss and damage, to the amount therein mentioned; and until such affidavit and certificate are produced, the last money shall not be payable; also, if there appears any fraud or false swearing, the claimant shall forfeit his claim to restitution or payment, by virtue of his policy.

IX. In case any difference or dispute shall arise between the assured and the company, touching any loss or damage, such difference, maybe submitted to the judgement and determination of arbitrators, indifferently chosen, whose award in writing shall be conclusive and binding to all parties. And when any case of damage shall have been duly proved, the insured shall receive satisfaction to the full amount.

Signed by order,

GEORGE HOFFMAN, Clerk.
