Fire Insurance.

THE SUBSCRIBER HAVING RECEIVED POWERS AND INSTRUCTIONS FROM THE PHOENIX COMPANY OF LONDON,

Is ally authorized to effect insurance on Hou ses, Buildings, Stores, Ships in Harbor, Goods, War sand Merchandize, in any part of the state of Maryland,

FROM LOSS OR DAMAGE BY FIRE, . On terms so moderate, as will, it is presumed, make it the interest of all to resort to a measure so well calculated to give additional security to commercial transactions, and to afford prote tion from the injury which Fires have so often occasioned.

In this Office, no insured person is liable to any call to make good the losses of others; but in case of Fire, the Sufferer will be fully indemnified with that liberality and promptness which have always distinguished this Company; requiring no other delay (even where presumption of fraud appears) than is necessary to distinguish the honest Sufferer from the fraudulent Incendiary.

As a proof of the usefulness of this Institution, and the benefit that individuals have derived from it, it is only necessary to state, that since the commencement of the Office, in 1782, near Seven Millions or Dollars have been paid to claimants upon their Policies. The following is published for the information of

these who reside at a distance. CONDITIONS OF INSURANCE.

I. PERSONS desirous to make Insurance on BUILDINGS, are to deliver in to the Agent the following particulars, viz.—Of what materials the walls and roof of each building are constructed, as well as the construction of the buildings contiguous thereto—whether the same are occupied as private dwellings, or how otherwise -where situated-also, the name or names o

the present occupiers. Each building must be separately valued, and a specified sum insured thereon-and in like manner a separate sum insured on the proper-

ty contained therein. All manufactories which contain furnaces, kilns, stoves, coakels, ovens, or otherwise use fire heat, are chargeable at additional rates.

In the insurance of Goods, WARES, or MER-CHANDISE, the building or piece in which the same are deposited, is to be described; also whether such goods are of the kinds denominated hazardous, and whether any manufactory is carried on in the premises. And if any person or persons shall insure his or their buildings or goods, and shall cause the same to be described in the policy otherwise than as they

really are, so as the same he charged at a lower premium than would be demanded if the true gituation or quality of the buildings or goods were made known, such insurance shall be of no force.

II. Goods held in trust, or on commission, are to be insured as such, otherwise the policy will not extend to cover such property.

III. No loss or damage to be paid on fire happening by any invasion, foreign enemy, civil commotion, riot, or any millitary or usurped power whatever; nor for damag done by fire occasioned by earthquakes or hurricanes; but this company willmake good losses on property burnt by lightning.

IV. Books of accounts, written securities, bills, bonds, tallies, and ready money, cannot be insured.

V. Jewels, plate, medals, or other curiosities, paintings and sculptures, are not included in any insurance, unless such articles are specified in the policy.

VI. Persons usuring property at this office, esteemed Friends and Christian Professors. | must give notice of any other insurance made The Methodist Churches in the various States | elsewhere on their behalf on the same, and | of passing the said Act. of the Union are very numerous, and their so- Chuse such other insurance to be endorsed on cieties large; it is not surprising, therefore, their policies; in which case each office shall ! that among their members there should be a | be liable to the payment only of a rateable proportion of any loss or damage which may be causes, remain unacquainte ' with the charac- | sustained; and unless such notice is given, he | Baltanere, for three months before the seventh insural will not be entitled to recover in case

three months per 100 dollars. Barns, Stables, Lay and grain contained in them, or in stacks or ricks, and live stock, will be insured at such premium as may be agreed

The rates on Fuildings, (and on property conained in them) depend so much on the materials of which they are constructed, the purposes for which they are used, and their situation with respect to other buildings that may be deemed hazardous, that particular attention is requested to these circumstances in the orders for in-Surance.

In cases requiring a Surveyor's report, or plan of the buildings, where there are several, showing their situation with respect to each other and toother buildings, such survey or plan must be formished! y the Assured, or at his expence; but, where a clear description of the property can be given, of which the Agent must be the judge, they may be dispensed with. The Assure ' is subject to no charge or expence in this Office, except 50 cents for the Policy.

In stating the sums for which insurance may be requested on any property, it should be recollected that incemnity only is the object of insurance against hire, and that beiefet, or expected pr fit or advantage, beyond a just estimate of the value of the property destroyed, is against the principles of the contract. . . Orders left at the Marine Insurance Office,

in Second-street, will be attended to DAVID STEWART, Agent for the Phænix Assurance Company

of London. The Phænix Company having Agents in Philadelphia, New-York, Charleston, Savanna, and New Orleans, persons having property in those places, are referred to the res, ec ive Agents.

TOTICE is hereby given, that I the sub-IN scriber, Teacher and Translator of the French & English Tongues, have resumed the FRENCH NIGHT SCHOOL in my common dwelling, between Light-street and Charlesstreet; ut to promise to do wonders in behalf of my pupils, I have no need—it suffices to tell them that no language can be learned without grammatical rules, even as far as translation; the master and scholars must take a great deal of pains; also, that every person is not capable to learn a foreign language. Those impartial judges who know me will certainly arree, that after having taught the French language to the most respected Ladies and Gentlemen of America, during more than 46 years, I ought to be a competent judge. I would advise those promising youths who will favor me with encouragement, to apply as soon as possible, so that they may get some benefit of their studies by the 15th of March.
