DAN away from my service on the morning

of Saturday the 16th instant, a Negro man named EDWARD JOHNSON, but commonly called NED; it is supposed he is gone to the Eastern Shore, from whence he came, and where he had been permitted several times to go to see his friends. Edward is about 5 feet 10 inches high, straight and well made has a good countenance, and is an active, smart fellow, about 24 years of age. He had on when he absconded a short round fustian jacket, a pair of velvet pantaloons, white waistcoat and black hat; however he had in his possession some other clothes and he will probably change his dress. He took with him a dark brown mixed cloth long coat and waistcoat, several pair of manteen pantaloons. Ten dollars reward will be paid if he is taken and secured within the city or county of Baltimore; thirty dollars if without the city or county, but within the state of Maryland, and the above reward of fifty dollars if out of the state, and reasonable expenses for delivering him to me at Baltimore.

To the Public.

CALEB MCKENZIE, Mathematical Instrument Maker, from Philadelphia, at No. 21, Thames-street, Fell's-Point, next door to Mr. James Ramsey's, takes this method of informing the citizens of Baltimore, the Mercantile and seafaring part in particular, that he has been induced, in consequence of the death of Mr. Sweeny, to leave a very good establishment in Philadelphia, for the purpose of carrying on the above business in this city where he flatters himself from his being regularly brought up to his profession, by an apprenticeship of seven years, added to the experience of five years as a foreman, and two years as a master, he shall be enabled to give every satisfaction to those gentlemen who may please to honor him with their business; and as C. Mckenzie is the only person at present in this city, who has been regularly bread to his profession, he has reason to hope that he will have no cause to regret the exchange he has made.

N. B. Sextants, Quadrants, Telescopes and Compasses cleaned and repaired in the most correct manner. Brass and wood compasses made to any size or dimension. Gauging rods of all kinds made on the most approved construction.

I do certify that the barger Caleb M'Kenzie has been regularly instructed by me, in the Mathematical and Optical branches of business, and that he is capable of carrying on the same in such a manner, as to give satisfaction to all those who are inclined to employ him.

THOMAS BIGGS,
Mathematical and Optical Instrument maker,
No. 85, South Front-street, Philadelphia.

We believe the above character given of Mr. Caleb M'Kenzie, to be strictly just and well deserved.
