## PROPUSALS

FROM THE PHOENIX COMPANY OF LONDON For insuring Houses, Buildings, Stores; Ships in Harbour, Goods, Wares, and Mer-

FROM LOSS OR DAMAGE BY FIRE. INSURANCE from loss or damage by FIRE hath been found a measure of great importance to the happiness of families, and has given additional security to commercial transactions.-The distinguished approbation with Which the public throughout Great Bitain re-, ceived the improved system of this office, occasioned frequent application for the insurance of property in the principal cities and towns in Europe, and America, and induced the company many years since to extend their plan to the continents of Europe and America, and to the West India Islands. The Phanix Company can refer to the unerring test of experience to ascertain their character; and, gratified by the unbounded confidence they have obtained, and for the purpose of facilitating to the inhabitants the means of effecting insurance on their property, the directors have lately determired to extend the sum which they have been accustomed to insure in any single risk, and have arranged rates of premium upon the rarious descriptions of property, which, they trust, will be found moderate, just, and equitable.—The promptitude with which this office has arijusted the claims of sufficrers, and the solidity of its funds, are so well known, that it is unnecessary to offer more on the subject, than to refer those who desire information, to the merchants of London with whom they correspond. In this Office no insured person is lia-

ble to any call to make good the losses of ceners; but in case of Fire, the sufferer will be fully indemnified by the Company.—The Company also make good losses on property burnt by lightning."

In this Office, no instrued person is liable to any call to make good the Tosses of others ; but in case of Fire, the Sufferer will be fully indemained with that liberality, and promptness which have always distinguished this Company, requiring no other delay (even where presumption of fraudappears) than is necessary to distinguish the honest Sufferer from the fraudu-

less Incendery. the proof of the usefulness of this Institu thon, and the benefit that individuals have deri ed from it, it is only necessary to state, the since the commencement of the Office, in 1782, near SEVEN MILLTONS OF DOLLARS have been paid to claimants upon their Policies. The following is published for the information of

those who reside at a distance. Each building must be separately valued, and a specified sum insured thereon—and in like manner a separate aum insured on the propèrty contained therein.

All manufactories which contain furnaces, kilns, stoves, coakels, ovens, or otherwise use fire-heat, are chargeable at additional rates.

In the insurance of Goods, WARES, or MER-CHANDISE, the building or place in which the same are deposited, is to be described; also whether such goods are of the kinds denominated hazardous, and whether any mamifactory is carried on in the premises. And if any person or persons shall insure his or their buildings or goods, and shall cause the same to be described in the policy otherwise than as they really are, so as the same be charged at a lower premium than would be demanded if the true situation or quality of the buildings or goods were made known, such insurance shall be of

II. Goods held in trust, or on commission, are to be insured as such, otherwise the policy will not extend to cover such property.

V. Jewels, plate, medals, or other curiosities, paintings and sculptures, are not included in any insurance, unless such articles are specified in the policy.

VI. Persons mauring property at this office, must give notice of any other insurance made elsewhere on their behalf on the same, and cause such other insurance to be endorsed on their policies; in which case each office shall be liable to the payment only of a rateable proportion of any loss or damage which may be sastained; and unless such notice is given, the insured will not be entitled to recover in case of loss.

VII. No order for insurance will be of any force, unless the premium is paid to the agent, or unless a sum has been advanced, and the agent has deliverd his receipt on account of the office; and all persons desirous to continue their insurances, must make their future paymer is annually within fifteen days after the day limited by their respective policies, or the same will be void.

VIII. All persons assured by this company, sustaining any loss or damage by fire, are forthwith to give notice to the company's agent, and as soon as possible after, to deliver in as particular account of their loss or damage, signed with their own hands, as the nature of the case will admit of, and make proof of the same by their oath or affirmation, and by their books of accounts, or other proper vouchers, as shall be reasonably required; and shall procure a certificate, under the hand of a magistrate or sworn notary of the city or district in which the fire happened, not concerned in such loss, importing that they are acquainted with the character and circumstances of the person or persons insured, and do know, or verily believe, that he, she, or they, really, and by misfortune, without any kind of fraud or evil practice, have sustained by such fire, loss and damage to the amount therein mentioned; and, until such affidavit and certificates are produced, the loss money shall not be payable; also, if there appears any fraud or false swearing, the claimant shall forfeit his claim to restitution or payment, by virtue of his

policy. IX. In case any difference or dispute shall arise between the assured and the company, touching any loss or damage, such difference may be submitted to the judgment and determination of arbitrators indifferently chosen, whose award in writing shall be conclusive and binding to all parties. And when any oss or damage shall have been duly proved, the insured shall receive satisfaction, to the full amount hereof, without allowance of any discount, i ees, or other deduction whatever.

X. Persons choosing to insure for seven years, will be charged for six years only; also, for a less number of years than seven, will be allowed a reasonable discount.

Pitch, Tar, Turpentine, Saltpetre, Flax, Hemp, Oils, and Tallow, are deemed hazardous goods: Tallow-melters, Soap-makers, Brewers, Dealers in Spirituous Liquors, Vinegar and Sweet-makers, Hemp and Flaxdressers Printing-houses, Coopers, Capenters, Cabinet-makers, Coach-makers, Malt houses Bakers, Ship-chandlers, Boat-builders, Ropemakers, Sugar-refiners, Distillers, Chymists, Varnish-makers, Turpentine-works, Theatres, and all Mills and Machinery, are deemed extra-hazardous, and the rate upon such risks' will be proportionably increased.

Ships in port, and their cargoes; ships building or repairing; also barges, and other small craft, with goods on board, may be insured against fire, at 75 cents for one year-45 cents for six months, and 37 1-2 cents for three months per 100 dollars.

Barns, Stables, bay and grain contained in them, or in stacks or ricks, and live stock, will be insured at such premium as may be agreed

The rates on buildings, (and on property consined in them) depend so much on the materials of which they are constructed, the purposes for which they are used, and their situation with respect to other buildings that may be deemed hazardous, that particular attention is requested to these circumstances in the orders for in-

surance.

In cases requiring a Surveyor's report, or plan of the buildings, where there are several, showing their situation with respect to each other and to other buildings, such survey or plan must be furnished by the Assured, or at his expence; but, where a clear description of the property can be given, of which the Agent must be the judge, they may be dispensed with. The AF sured is subject to no charge or expence in this Office, except 50 cents for the Policy.

In stating the sums for which insurance may be requested on any property, it should be recollected that indemnity only is the object of insurance against Fire, and that benefit, or experted profit or advantage, beyond a just estimate of the value of the property destroyed, is against the principles of the contract.

Orders left at the Office of the company, in Second-street, will be attended to 1:4: DAVID STEWART.

Those impartial judges who know me will certainly agree, that after having taught the French language to the most respected Ladies and Gentlemen of America, during more than 46 years, I ought to be a competent judge.
