. PROM THE PHOENIX COMPANY OF LONDON For insuring Houses, Buildings, Stores, Ships in Harbour, Goods, Wares, and Merchandize,

FROM LOSS OR DAMAGE BY FIRE. INSURANCE from loss or damage by FIRE hath been found a measure of great importance to the kappiness of families, and has given additional security to commercial transactions.—The distinguished approbation with which the public throughout Great Britain received the improved system of this office, ocexsioned frequent application for the insurance of property in the principal cities and towns Fin Europe and America, and induced the company many years since to extend their plan to the continents of Europe and America, and to the West India Islands. The Phanix Company can refer to the unerring test of experience to ascertain their character; and, gratified by the unbounded confidence they have obtained, and for the purpose of facilitating to the inhabitant's the means of effecting insurance on their property, the directors have lately determined to extend the sum which they have been accustomeri to insure in any single risk, and have arranged rates of premium upon the various descriptions of property, which, they trust, will be found moderate, just, and equitable.—The promptitude with which this office has adjusted the claims of sufferers, and the solidity of its funds, are so well known, that it is unnecessary, to offer more on the subject, than to refer these who desire information, to

In this Office no insured person is liable to any call to make good the losses of others; but in case of Fire, the sufferer will be fully indemnified by the Company. The Company also make good losses on property burnt by lightning.

TOTICE is hereby given, that I the sub-IN scriber, Teacher and Translator of the French & English Tongues, have resumed the FRENCH NIGHT SCHOOL in my common dwelling, between Light-street and Charlesstreet; ! ut to promise to do wonders in behalf of my pupils, I have no need—it suffices to tell them that no language can be learned without grammatical rules, even as far as translation; the master and scholars must take a great deal of pains; also, that every person is not capable to learn a foreign language. Those impartial judges who know me will certainly agree, that after having taught the French language to the most respected Ladies and Gentlemen of America, during more than 45 years, I ought to be a competent judge. I would advise those promising youths who will favor me with encouragement, to apply as soon as possible, so that they may get some benefit of their studies by the 15th of March.
