French Night School.

TOTICE is hereby given, that I the sub-Ly scriber, Teacher and Translator of the French & English Tongues, have resumed the FRENCH NIGHT SCHOOL in my common dwelling, between Light-street and Charlesstreet; tut to promise to do wonders in behalf of my pupils, I have no need—it suffices to tell them that no language can be learned without grammatical rules, even as far as translation; the master and scholars must take a great deal of pains; also, that every person is not capable to learn a foreign language. Those impartial judges who know me will certainly agree, that after having taught the French language to the most respected Ladies and Gentlemen of America, during more than 46 years, I ought to be a competent judge. I would advise those promising youths who will favor me with encouragement, to apply as soon as possible, so that they may get some benefit of their studies by the 15th of March.

A sovereign remedy for Colds, Obstinate Coughs, Cattarle, Asthmas, Sore Throats, and approaching Consumptions.

Thousands are two well acquainted with the nature and effects of empirical medicines daily offered for the cure of the above complaints. Dear bought experience had taught them that oily or heating medicines, joined with strong opiates (or sleepy drugs) repeated doses of which flatter and deceive the patient for the present, by procuring momentary case ; experience has taught theusands that the common opiates and balsamics, asthey are called, finally aggravate every disorder of the breast and lungs in their most distressing symptoms; that they load the stomach and impair the digestion a inflame the whole system, increase the diffi. culty of breathing and exoite fever. But the qualities of this valuable discovery are evinced by perfectly opposite effects. A single trial will prove that it restores the determination of the fluids to the surface of the body, and bringson the common healthful perspiration; that is dislodges and evacuates the tough, vicid philegm, or mucus, strengthens the weakened vessels of the lungs, sheathes the acrimonious humour, which irritate the lungs, and finally discharges it. Thus striking at the root of the disorder, the symptoms are of course effectually and permanently conquered, the reverse of common medicines which weaken the constitution and give strength to the disorder, for the sake of moderating for the present some of its painful effects.

Whoopirg Cough. This discovery is of the first magnitude, as it affords immediate relief, checks the progress and in a short time entirely removes the most cruel disorder to which children are liable. The Elixir is so perfectly agreeable, and the dose so small, that no difficulty arises in
