## Veneral Disease.

To whom this may unfortunately concern, are informed that a fresh supply has now been received, of  
**INDIAN VEGETABLE SPECIFIC.**  
The experience of several thousands who have been cured by this medicine (a great proportion of them after the skill of eminent physicians had proved ineffectual) demonstrates its efficacy in expelling the Veneral poison, however deeply rooted in the constitution, and in counteracting the evil effects which often result from the improper use of mercury.  
The mildness of the vegetable Specific is equal to its surprising efficacy; its operation is so gentle that it is given to veneral patients in a state of pregnancy, with the utmost safety, and performs a cure without disturbing the system, producing any of those disagreeable effects inseparable from the common remedies.  
With the medicine is given a description of the symptoms which obtain in every stage of the disease, with copious directions for their treatment, so as to accomplish a perfect cure in the shortest time and least inconvenience possible.  
Take notice that the above valuable medicines cannot be genuine if had at any other store than Warner & Hanna's, corner of Gay & Market streets—John Vance & Co's No. 178, three doors below Charles-street, in Market street, and at N. Knight's, Fell's Point.  
Observe, that the signature of Richard Lee and Son, is on the outside wrapper of the genuine medicines.  
N. B. The whole of Lee's Genuine Medicines may be had at the above Book-Stores, and no where else in Baltimore.

**FRENCH TOWN & NEW-CASTLE.**  
A Packet leaves the lower end of Bowly's wharf every day at 9 o'clock, A. M. (Saturday excepted.) These boats have accommodations for passengers equal to any others in the Chesapeake Bay; and the proprietors will make use of their utmost exertions for the convenience, comfort and dispatch of passengers going in this line. The most careful and experienced captains are employed, and the proprietors consider this route as having advantages over any other that can be established for carrying passengers and goods, by water and land, between Baltimore and Philadelphia—the land carriage being only 17 miles; they are the more confirmed in this opinion, having themselves made trial of the other places which are intended for that purpose.  
The importance of thus shortening the land carriage, from 7 to 9 miles, must be obvious to every traveller.  
For freight or passage apply to the captains on board, or to  
**WM. McDONALD,**  
No. 103, lower end of Bowly's wharf.
