SUPPLEMENT TO THE AMERICAN.

Just Received,

AND FOR SALE AT THE BOOK STORE OF GEORGE DOBBIN & MURPHY,

No. 10, Balimore-street, opposite Centre Market, The first vot. of a second edition, highly improved, and much enlarged, of the original work, entitled

Nature Displayed,

In her mode of teaching languages to man , Or, a new and valuable method of acquiring a language in the shortest time possible, deduced from the analysis of the human mind, and consequently suited to every capacity .-Adapted to the French, in two volumes.

BY N. C. DUFIEF, OF PHILADELPHIA.

Extracts from respectable Reviews, &c. The author tenders his most grateful thanks to the gentlemen who recommended the first edition to public patronage, and in particular to Thomas Jefferson, Esq. president of the U rated States, to whom the manuscript was submitted. He was pleased to write an encourag ing letter on the subject, and thereby greatly promoted the success of the undertaking. It concluded in the following handsome and polite

"I can see by what you have done, that 46 your work will be eminently useful, and ask of permission to subscribe for half a dozen co-" pies for the different members of my family. THOMAS JEFFERSON."

Mr. N. G. Dufief. AND ALSO,

To the respective editors of the following periodical works, who, since its publication, have reviewed " Nature Displayed."

"This work is a system of instruction, which "the writer has adopted from its conformity to the precepts of simple nature, and from 44 his long and multiplied experience of its sucet cess He styles it the method of Nature, in " teaching languages, and he anticipates the mest spl ndid success in his efforts to ex-" plain and introduce this method in the semi-" naries, not only of America, but of every as part of the world, where the French lan-" guage is attended to. This method pos-" s. sees the singular excellence of being adapt-"ed to all languages. So far as we are able to estimate the morits of works of this nature, we do not hesitate to bestow the feeble sanction of our praise, and the slender aid of " our wishes for its success."

Literary Magazine. " Finally, we conclude, that those who pe-" ruse " Nature Displayed," with attention, " will agree with us that it has much origi-" nality and much merit, while it promises such " utility to society (as the principles are appli-" cable to all languages) that the laws of the old world will probably be lost in those of 44 the new, in teaching this important branch er of literature." Port Folio.

" The chief merit of this method consists in er its being a close imitation of the process of of nature, in conveying the knowledge of language to children. A higherencomium need not, in our opinion, be sought by the ambiti-

on of the author. We hope this performance will be in the bands of all who wish to spare themselves the drudgery, the circuitousness, and the waste of time, which attend the acquisition of languages in the modes commonly prac-

Medical Repository. "We earnestly recommend Mr. Dufief's "Nature Displayed" to all those parents who are desirous of having their children instructed in the French language."

Monthly Register. "We therefore conclude these remarks by " wishing him success in his laudable under-" taking, proportioned to the ingenuity and "ability with which these volumes are exe-" cuted."

"We are happy to learn that several instructors in different parts of the United States, are et teaching the French language on Mr. Du-· fief's principles?

Parablist; or Christian Armory. We consider this work, not only as a valuable arquisition to the student of the French of language, but as a performance which reefflects credit on the literature of our coun-"try."

Monthly Anthology and Boston Review. The subscription price of this work is five dodars, in boards.

Cout and kheumatic Drops. TOTHING is of more importante than the Typreservation of health - this common place remark however is too often forgetten, whilst we are active and strong-and presention of pain, which is superior to its cure, is not sufficiently attended to by any description of persons. Among those disorders which require the most early & unremitting efforts to cradicate and overcome, none have a stronger claim upon our actice than the Gout, Rheumatism, Lumbago, Weakness of the Joints, Sprains, Gleets, the Stone and Gravel, the Cramp and every species of Rheumatic Pains from whatever cause they may have ofiginated-and hence every relief which can be administered is too valuable to be forgotten.—Those persons whose avocations peculiarly expose them to

possess immediate aid. Sea faring persons, travellers, &c. ought constantly to carry with them that medicine which will counteract the unpleasant effects of their perilous duties, and especially those pains to which their situation most exposed them. To those who reside in or visit the West Indies, and other warm climates, they will be found upon trial to convey the most lasting service, and will gradually destroy all tendency to disease in the human frame, and preserve health and vigor. Although a great variety of prescriptions have been published to cure the disorders enumerated above, none has as yet equalled the GOUT and RHEUMATIC DROPS of DR. TISSOT, which are celebrated throughout the European continent, and whose unbounded benefits are fully aut enticated by certificates already published of Gen. Charles Ridgely, of Hampton; John Gibson, and John Macubbin, Esgrs. of Annapolis; and Mrs. Ryan of Calton place, to which, the ACENTS for Bultimore, are happy in laying before the public the following testimony of respectable gentlemen residing within

this city. -Certificate of Mr. THOMAS KELSO, Butcher. About three weeks since I was most violently attacked with Rheumatic Pains throughout my whole frame, in so severe a manner as not to be able to turn in my bed without assistance, proceeding, as I suppose, from a severe cold; -on being advised by a friend to apply Dr. Tissot's Gout and Rheumatic Drop's, I accordingly obtained from the agents, Messrs. Geo. Dobbin and Murphy, two bottles, the application of which, under God, have perfectly restored me to health. I am therefore induced with confidence to recommend this medicine as a certain

cure for the above disorder. THOMAS KELSO. Baltimore, July 22d, 1896. Certificate of Mr. THOMAS CAMPBELL, Harness-

It would be an act of injustice to withhold my testimony of the salutary effects of Doctor Tissot's Gout and Rheumatic Drops, as I have experienced a very unequivocal instance of their virtues and efficacy. I was afflicted with two severe attacks of what is usually called Dead Paley, from which I partially recoveredbut was obliged to use crutches to aid me-in walking when I left home; to this, were joined violent Rheumatic Pains, the result of the affliction, and I had feared the disorder would accompany me through life; -but providential, ly was recommended to apply at Gco. Dobbin and Musphy's for Dr. Tissot's Drops, and after using only one bottle, found myself perfeetly liberated from my disorder, and am now thank God, as free from pain as if I never hail been afflicted - Finding this medicine operato so powerfully on myself, I determined to apply it internally to my child, a boy only eleven months old, who was then reduced almost to skeleton with the Bowel Complaint; after administering it four t mes to him his complaint was entirely removed and he is now recovering his strength with great rapidity.
