The SECOND PART of the work affords the learner considerable aid in pronunciation, as well as in orthography. The words of two syllables are not only class, d in chapters, according to their acrest, but they are a sugged in sections, adapted to the sounds of vouces and dipthongs, whether short, long, middle or

The THIRD PART consists of words less familiar to children than those of the preceding parts; of rules for spelling and pronunciation; and of misceliaxeous chapters, calcuiated to give the learner a ranical knowledge, and diversified viens ef the su'j et.

The lessons for spelling, in every se tion, are idustrated by short apprepriate reading lessons. The orthography of Johnson, and the pronunciation of Waiker have been adopted in Murray's Spelling Book-and it is presumed they are authorities which few persons will be inclined to dispute.
