# EDUCATION.

THE Academy conducted by G. BOURNE, Mo. 76, Bond-street, F. P will open after the Christmas vacation, on Monday, the 12th of Ja-

The object of the tutor being the expunsion of his pupies intellects, combined with the infusion an i establishment of the most correct moral principles, so as to render the youths committed to his charge both the ornament and boast of seciety, necess rily obliges him to confine his number: hence, no more can be admitted than comport with the pian adopted. Three or four vacancies only at present exist, which may be filled up on application at the academy.

The Dead Languages, the French and the English are all taught, and in that mannet, which renders the student able, not only to determine with precision the grammatical correctness of the authors whom he may read, but also to feel the brauties which are discoverable in consequence of the possession of that peculiar q anty of the understanting which we call taste. The common branches of education, such as Book keeping, Navigation, Amuniario, &c. receive a dur degree of attention -and the whole course of tuition is by 4 p. m. so arranged, as to suit the views and designs of the parent or guardian who desires the instruction of his youth. The terms may '- known, and all enquiries

answered by a visit at No. 76, Bond street, Fell's Point GEORGE BOURNE.

# French Night School.

TOTICE is hereby given, that I the subscriber, Teacher and Translator of the French & English-Tongues, have resumed the FRENCH NICHT SCHOOL in my common dwelling, between Light-street and Charlesstreet; but to promise to do wonders in behalf of my pupils, I have no need—it suffices to tell them that no language can be learned with out grammatical rules, even as far as translation; the master and scholars must take a great deal of pains; also, that every person is not capable to learn a foreign language. Those impartial judges who know me will certainly agree, that after having taught the French language to the most respected Ladies and Gentlemen of America, during more than 46 years, I ought to be a competent judge. I would advise those promising youths who will favor me with encouragement, to apply as soon as possible, so that they may get some benefit of their studies by the 15th of March.
