In urances upon Lives

BY THE PELICAN LIFE INSURANCE COMPANY, Or Lengon.

THE Pelican Life Insurance Company, of London, was established in the year 1797, by a numerous and respectable proprietary, upon an extensive capital, vested in the public funds, with the additional responsibility of every individual proprieter. The board of directors, in consequence of repeated applications on the subject, Laving determined to extend their engagements to the continent of America, deem it proper briefly to suggest to the minds of the public, the numerous and important benefits resulting from such an institution to every rank and class of society.

Persons in the receipt of income arising from estates dependent upon life-profits in business-offices, civil or military-by the yearl: pryment of a moderate premium, may secure at their death an adequate provision for their families, relations, or friends.—Fines payable on leases renewable at the death of particular persons, may be provided for by insuring the lives of such persons. Insurance affords the means of reimbursement to those | Quick Silver. who advance menéy upon life-annuities, and in many cases furnishes ample security for the loan of money. Persons entitle i to property in expectancy or reversion, or upon attaining a given age, may secure an enquivalent, in cas their interests should be affected by premature death. In a variety of other instances, and most peculiarly as applicable to persons engaged in commercial pursuits, or in the enjoyment of casual income, this valuable precaution will establish a resource to which families may look with confidence and security, and by which the distresses too often attendant upon hum n life, may be alleviated or effectually prevented.

The rates of premium for such insurances will be rendered as moderate as possible, and in every instance proportioned to the age, health, and other circumstances of the life as-

The terms will be made known on application at the Phoenix Fire Office, in Secondstreet.
