Insurances upon Lives PELIGAN LIFE INSURANCE COMPANY.

Or London. HE Pelican Life Insurance Company, of London, was established in the year 1797, by a numerous and respectable proprietary, upon an extensive capital, vested in the public funds, with the additional responsibility of every individual propriet r. The board of. directors, in consequence of repeated applications on the subject, having determined to extend their engagements to the continent of America, deem is proper briefly to suggest to the minds of the public, the numerous and im-

pertant benefits resulting from such an insti-

tution to every rank and class of society.

Persons in the receipt of income arising from estates dependent upon life-profits in usiness-offices, civil or military-by the yearly payment of a moderate premium, may secure at their death an alequate provision for their i mlies, relations, or friends.—Pines payable on leases renewable at the death of particular persons, may be provided for by insuring the lives of such persons. Insurance affords the means of reimbursement to those who advance money upon life-annuities, and in many cases furnishes ample security for the loan of money. Persons entitled to property in expectancy or reversion, or upon attaining a given age, may secure an enquivalent, in case their interests should be affected by premature death. In a variety of other instances, and most peculiarly as applicable to persons engaged in commercial pursuits, or in the enjoyment of casual income, this valuable precaution will establish a resource to which families may look with confidence and security. and by which the distresses too often attendant upon human life, may be alleviated or effectually prevented.

The rates of premium for such insurances will be rendered as moderate as possible, and in every instance proportioned to the age, health, and other circumstances of the life as-

tion at the Phoenix Fire Office, in Second-
