\*EY LINDLEY MURRAY Anthor of English Grammar, Introduction to English Grammar, English Reader, Exercises, &c. &c.

The above work is com; ended under THREE general divisions. One of the principal objects of the FIRST PART, is, to teach an accurate pronunciation of the elementary sounds, &c.

The SECOND PAI T of the work affords the learner considerable aid in promunciation, as well as in orthography. The words of two syllables are not only classed in chapters, according to their accent, but they are arranged in sections, adapted to the sounds of vowe!s and dipthongs, whether short, long, middle or

The THIRD PART consists of words less familiar to children than those of the preceding parts; of rules for spelling and pronunciation; and of miscellaneous chapters, calculated to give the learner a radical knowledge,

and dirersified views of the subject. The lessons for spelling, in every section, are illustrated by short appropriate reading lessons. The orthography of Johnson, and the pronunciation of Walker have been adopted in Murray's Spelling Book-and it is presumed they are authorities which few persons will be inclined to dispute.

NTOTICE is hereby given, that I the sub-. Those impartial judges who know me will certainly agree, that after having taught the French language to the most respected Ladies and Gentlemen of America, during more than 46 years. I ought to be a competent judge. DAVID STEWART, Agent. d6t-co6 January 14 Insurances upon Lives BY THE

PELICAN LIFE INSURANCE COMPANY.

OF LONDON. THE Pelican Life Insurance Company, of London, was established in the year 1797, by a numerous and respectable proprietary, upon an extensive capital, vested in the public funds, with the additional responsibility of every individual proprietor. The board of directors, in consequence of repeated applications on the subject, having determined to extend their engagements to the continent of America, deem it proper briefly to suggest to the minds of the public, the numerous and important benefits resulting from such an institution to every rank and class of society.

Persons in the receipt of income arising from estates dependent upon life-profits in usiness-offices, civil or military-by the yearly payment of a moderate premium, may secure at their death an adequate provision for their families, relations, or friends.—Fines payable on leases renewable at the death of particular persons, may be provided for by insuring the lites of such persons, Insurance affords the means of reimbursement to those who advance money upon life-annuities, and in many cases furnishes ample security for the lean of money. Persons entitled to property in expectancy or reversion, or upon attaining a given age, may secure an enquivalent, in case their interests should be affected by premature death. In a variety of other instances, and most peculiarly as applicable to persons engaged in commercial pursuits, or in the enjoyment of casual income, this valuable precaution will establish a resource to which families may look with confidence and security, and by which the distresses too often attendant upon human life, may be alleviated or effectually prevented.

The rates of premium for such insurances will be rendered as moderate as possible, and in every instance proportioned to the age, health, and other circumstances of the life as-

The terms will be made known on application at the Phoenix Fire Office, in Seconda street.
