whatever against either of the prisoners. The Judge, however, examined the officer on oath, if he had any knowledge whatever of any act done by either of the prisoners, in violation of the laws of the United States, or of any particular flate; to which the officeranswered he had no knowledge of any fad whatever of that nature, except what he had understood from general report and newspaper publication.

The Judge then instantly discharged the prifoners.

Yesterday's Gazette chaims great honor for the sederalists, because (it says)" in the days of lawless military fury they were daring enough to rescue their innocent brethren from the sawage grasp of wanton oppression!" Would not you think, from this language, my good reader, that these "daring" gentlemen had risked their bones to free Adair and Ogden? What, then, will you say, when told that the whole was a peaceable and orderly proceeding, free from noise and firife, and that it was a republican judge who granted the writ of Hab. Cor. and released the prisoners!

Enter Tom Thumb, the Giant-Killer-" Shalla little Bonaparte scour the country (quoth the Gazette) murdering all the No-DLE STIRITS of the land, unopposed by freemen?" How great wits jump! Burr calls his coarljutors " the best blood of the land," and our Gazetteer calls them " nodie spirius :" But it is the first time, during the whole course of the conspiracy, that we have heard of any person's being murdered!

A bill has passed the House of Representatives of the commonwealth of Pennsylvania, appropriating the fum of 200,000 dellars for the conflruction of the canal which is to connect the waters of the Sufqueliannah & the Schuylkill. A bill has also passed appropriating 3000 dollars towards the establishment of a becanical garden. Theicare examples worthy of universal imitation in this country.

From the Alexandria Expositor, Feb. 16. It is reported and in such a manner as entitles it to our belief, that on receipt of the proclamation declaring Great Britain blockaded, Mr. Madison requested Gen. Turreau to insorm him how it was intended that proclamation was to act as to this country, and that the General's answer was that the U.S. were to be exempted from its operation.

Considerable agitation exists at Richmond, (V.) on account of the Lilling of Mr. M'Credie hy he centinel flat oned at the Barracks in shar city. A commission of enquiry has been. issued to two gentlemen, in order to ascertain whether the infructions given by the Governor to the commander of the guard had been adhered to on the occasion. The orders of the Governor were not to fire on any person, unless he attempted to force the centinel or steal the public property.

Our. Negociations with England. - In the course of a discussion, in the British pusliament, on the address to the king, Mr. Percival, having noticed several upics, which, to his regret, had been omitted in his majesty's speech, " observed that we had discussions with America which had not been brought to a close, which he wished to have been taken notice of in his majesty's speech : for he wished, as the matter was important, to know the flate in which that discussion flood, and that was fill the more interefting, when he testeded on the measures of the Last session of parliament-measures of concession to America; and particularly one (the A. merican interconffe bill) which was directly hollile to the principle, on a due observation, on which the glory of this country was founded-the principle of the navigation laws and what was to him, and those who thought with him ominous, was the reflection, who it was who brought in and who sanstioned that measure in the house of lords, and who now were the persons appointed to settle our differences with America! (Hear! bear! bear! from Mr. Rose and abers.) He was alarmed left a mistaken policy might be the cause of sacrifieing the true interests fof this country. Some notice ought to be taken of this subject which called for serious discation. He would say no more on the subject at present; but he hoped no treaty would be concluded upon it without a full explanation, and a perfect understanding on that subject.

Lord Henry Petty, in reply, faid, "Upon the Subject of intercourse with America—he submitted that the affairs of the two countries should not be laid betine parliament until every thing was adjusted completely ; and he trusted that for kpaniedge of the true interests of this country, and underflanding of the means to preferve them, as well as conciliating manners, and thole other avalities which constitute the character of perfeet negacitions, they would not be thought wanting It those on whom his majesty had been

pleased indevolve this trult." Mr. Percivel again. - " A word or two in exrlanation, with the leave of the house. I was very much misunderstood by the noble lord, if he supposes me to joinuate any want of knowledge or descreacy in conciliating manners in the noble perfens who are appointed to disculs our affairs with America; what Lagar alarmed at was the connection which apprais between the authors of the American intercourse bill, the coincisence bet ween the mannet in which the bill was introduced into wardingent, Supported and earried, and the soupricee it of those upole perfons to manage The Degree clien between this country and America. Last affaid of the Spirit of that hill—a Phint of echcellen to America at the expence of the despell rights of Great Bris tain, and like foundation of all per glotz, being too predominant in the disculsion on our part.

Farmers' Bank of Maryland. NTOTICE is hereby given, that the Books L'I will be opened at Annapolis, on Monday the 13th day of April next, and continue op.'s the next day for the disposal of the number of Shares remaining unsubscribed in the Farmers' Bank, on the Western Shore, the subs riptions to be taken at the Bank, between t e hours of ten and five each day. The subscribers to pay ten dollars on each Share at he time of subscribing, and the residue as follows, to wit .- Ten dollars on the thirteenth day of June, ten dollars on the thirteenth day of August, ten dollars on the thirteenth day of October, and ten dollars on the twelfth day of Jecember next, but reserving to any subscriber, the liberty of paying at any one of

those days the whole of his subscription then lue. The Shares which may be subscribed inve the number limited to be reduced by a or portional deduction the ughout the several counties on the Western Shore or by lot if necessary, and the monies that may be paid thereon to be immediately repaid at the

If any Stockholder shall fail to make regular payment of any instalment after the first payment, such Stockholder's money in Bank, shall remain tree from interest and not entitled to dividend, until such instalment or call shall be made good, and the dividend thereafter to be paid to such Stockholder (as well upon the movey by him regularly paid as upon the money paid after default) shall be calculated only from the time when said last instalment was made

The subscribed Shares of the Farmers' Bank having already risen above par, and being in great demand, the Directors deemed it to be their duty to give every facility in their power to the citizans of every part of the Western Shore to become proprietors of a Stock to which experience has already attached an high degree of confidence and an enhanced value, and which from every appearance, would rapidly appreciate whenever the subscription of the surplus Shares should remove the possibility of procuring the stock at a lower value, than the successfull management of the institution and the public opinion should have conferred on it: Notwithstanding, therefore, that the charter directed that the Subscription Books for this stock shall be opened at Annapolis, yet the Directors held themselves at liberty and have determined it to be their duty, to devise means to accommodate the citizens of the several counties who might wish to subscribe, but who cannot attend at Annapolis; In conformity, therefore, to a determination that had already obtained, st a joint meeting of the Directors of the Bank and Branch Bank-on a similar occasion, the board have adopted the following resolution:

That the Directors for the several counties on the Western Shore, be authorised and directed to receive in their respective counties, from all persons who may offer to subscribe for Stock in The Farmers' Bank, on the day or days appointed for subscribing, powers of attorney enabling some person to subscribe for them at Annapolis, and also to receive from persons so disposed to subscribe, the sums which are made payable, on subscriptions personally made; and all subscriptions made under powers as aforesaid, shall be held and deemed as valid, as if made by the individuals themselves at Annapolis.
