pervisor and the guard were employed in setting fire to the powder, the desperadoes (standing a little aside, for safety,) wrested the musket from the guard, to defend themselves whilst engaged in filing off their irons. A person of the name of John Maxwell, seeing the disturbance, ran into the house of the widow Rutter, and procured a gun and ammunition, (two negro convicts having, in the mean time, retired to the jail for assistance,) when a desperate scuffle ensued: and Williams, Judge, and Dougherty, were each of them wounded—Dougherty, in three places. They were afterwards secured and lodged in prison. These are the circumstances of the affair, as related to us last evening.

The easy access from this place to the Baltimore Market by navigation, with its very favorable situation for the trade down the river, (which is rapidly increasing)—cannot fail to render this a very valuable situation. The present occupiers John S. Peck & Co. will shew the premises, and the terms will be made known at the time of sale.

P. WILLIAMSON'S

Celebrated Elastic Three Slit

METALLIC PEN,

WHICH has been pronounced, by many of the most eminent penmen, to be far superior to any metallic Pen that has ever been made heretofore, either in Europe or America; it is well known, that all the Pens upon the former principle have been wanting in that pliability which all Pens should have, in order to write with smoothness and rapidity, which in this is happily effected by the two additional side slits.

Also,

Perpetual Almanac Cases with Pens or Pencils, or both—the novelty and utility of which will render it far preferable to any common pencil case, the difference in the price being insignificant, may be had of the above, or Mr. George Aiken, No. 72, Market-street, Baltimore.

N. B. Considerable discount made to those who purchase a quantity.
