Tracher of Gugraphy. This work is executed on a plan entirely new in America; Torography (or the description of the provinces and towns that compose a nati n or courtry) constitutes one of the most essent al parts of it, contrary to the custom w ich has picvailed in almost all ; 50 the books of Gergraphy that have appeared in

the United States. In this work, is presented to the public an entertaining account of the Chinese empire a new description of France according to the recent division into departments compared with that into provinces, as likewise f Belgium, Savoy: Piccin on t and the other countries that have been incorporated into the French empire; a detaile ! ai d'accur de account of the various states of Switzerland, Italy & Germany according to the latest treaties of peace, viz.of Camro Formio. Rastadt, Luneville, Amienand Presburg; an account of Poland accords ing to the division of 1793: a satisfactory account of the British Isles; a long and accurate description of the United States in general, and of each state and territory in particular, likewise of their districts, counties, cities, towns and villages, &c .- Lastly a lengthy description of the Spanish possessions in America according to the last regulation of the calmet of Madrid; likewise a description of the antient tribes of Israel, of Judea or Palestine under the Romans, of antient Greece, and the divisions of antient Italy, Gaul, Spain, Britain, Illyricum, Thrace, Asia Minor and Syria, with several other new articles which will certainly be highly interesting.

This work is printed in a handsome type, on elegant paper, neatly bound and lettered in two volumes, 12 mo.-Price 2 Dollars and 50

This compilation has been approved, and subscribed to by the President of the United States, by the Secretary of State, by the Ditertors of the College f Union at kenectudy in the state of New-York, of Georgetown and of St. Mary's in Baltimore, in which last institution as likewise in the Ladies' Seminaries, of Mrs. La Combe and of Mrs. Bacconais in Baltimore, of Mrs. Rivards and Mrs. Grelaud in Philadelphia, and of Miss De St. Memim in Builington New-Jersey, it has been adopted. It has also been subscribed to by the greatest part of the most respectable citizens of Baltimore, Philadelphia, New-York, and of the state of New-Jersey. This makes the author entertain the flattering prospect of seeing his labors rewarded by the suffrage of an enlightened & liberal public, who doubtless will encourage a work which has already been sanctioned by so many able personages and for which no trouble has been spared to render it at the same time instructive and agreeable.
