TUESDAY, MAY 12, 1807.

Our readers will be presented with a supplement in the course of the day. Its publication is delayed to embrace what this morning's mails may produce.

It is with much satisfaction we inform the well wishers of the City, and especially those who have already interested themselves in the success of the Surquehannah Turnpike, that the Commissioners have yester by obtained subscriptions for 1201 shares of stock, which amount to \$4,020 dollars. The books will be opened again at the same place this morning, as usual; it is confidently believed as much more will then be subscribed, as will warrant a commencement of the undertaking.

Worm Destroying Lozenges.

This medicine is superior to any ever offered to the sublic, being innocent and mild, certain and ellicacious in its operations. Should no worms exist in the body it will, without p.c.a or griping, cleause the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many tatal disorders.

From the many cases of cures that daily come to our knowledge, we have selected the following:

Messrs. Richard Lee & Son,

Having observed in the newspaper, an advertisement of yours describing the good qualities of your Worm Lezenges, induced me to cale at the store of Warner and Hanna, and to make a trial of some of them on a femae child of my friend's, who was in my car, which from Sa'empore ! her symptoms of disease, viz. sickness, a pick-Botton I log at the nose, offensive breath and oth ricke Porto Rico ! circumstances, authorised my-eff and Mrs. Havanna | M'Cormick to determine that worms was the complaint, accordingly a few days since. I made a trial of the m dicine, agrecable to the directions, and I am happy to say, that on the Nantz | third day afterwards the child evacuated large worms, and other offensive matter, such as to Martinique | me was astonishing that any human being could have contained-particularly at so early an age as two an i a half years of i-for the good of society I have much pleasure in mentioning the cas, and to observe that the child is now Arrived, hip Montezuma, Dashiell, from | perfectly well, and assumes a healthy appearance. Any other information I shall give with goeds, Suga. & Ginger Francis Cooke. Spoke | pleasure on application to me at my house in Frederick-street, near Messrs. Van Wyck and D rsey's auction room.

WM. MICORMICK. Baltimore, January 21, 1867.

Messis. Richard Lee and Son, It is my disire for you to make known to my

feliow-citiz no the good effects your Worn Lozenges has produced on ay son ten years old, who has been long affected with violent pains in his head, loss of appetite, &c which reduced him so low that he was unable to wilk, having used several different medicines. but to no effect; at length I had recourse to your Worm Lozenges, the first dose expelled upwards of twenty large worms, the second dose seven, the third none—and now the boy enjoys a good state of health.
