The flour baked by the subscriber since the 15th of May last is 2750 barrels, in 50 weeks, and by the 10th April, averaging 55 barrels per week, which has been an actual saving to the public of 5 dollars per barrel, making the enormous sum of 2375 dollars, from the general sort of bread baked in this town. The subscriber begs leave to remind those customers who have stated credits to be renewed in their payments, as the profits are small and his credit depends on their punctuality—it would be painful for him to stop their credit which must be the consequence.
