Worm Destroying Lozenses. This medicine is superior to any ever offered to the public, being innocent and mild, certain and efficacious in its operations. Should no worms exist in the body it will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders.

From the many cases of cures that daily come to our knowledge, we have selected the following:

Messrs Richard Lee & Son, Having observed in the newspaper, an advertisement of yours describing the good qualities of your Worm Lozenges, induced me to call at the store of Warner and Hanna, and to make a trial of some of them on a female c ild of my friend's, who was in my care, which from her symptoms of disease, viz. sickness, a picking at the nose, offensive breath and other like circumstances, authorised myself and Mrs. M'Cormick to determine that worms was the complaint, accordingly a few days since, I made a trial of the m dicine, agreeable to the directions, and I am happy to say, that on the third day afterwards the child évacuated large worms, and other offensive matter, such as to me was astonishing that any homan being could have containe -particularly at so carly an age as two and a half years old-for the good of society I have much pleasure in mentioning the case, and to observe that the child is now perfectly well, and assumes a healthy appearance. Any other information I shall give with pleasure on application to me at my house in Frederick-street, near Messrs. Van Wyck and

Dorsey's augtion room. WM. M'CORMICK Baltimore, January 21, 1807.

Messrs. Richard Lee and Son, It is my desire for you to make known to my fellow-citiz no the good effects your Worm Lozenges has produced on my son ten years oid, who has been long affected with violent pains in his head, loss of appetite, &c which reduced him so low that he was unable to walk, having used several different medicines, but to no effect; at length I had recourse to your Worm Lozenges, the first dose expelled upwards of twenty large terrain like second dose seven, the third none-and now the boy enjoys a good state of health.
