Worm Destroying Lozenges. This medicine is superior to any ever offered to the public, being innocent and mild, certain and efficacious in its operations. Should no worms exist in the body it will, without pain or griping, cleanse the stomach and bowels o whatever is foul or offensive, and thereby pref vent the production of worms and many tatal

disorders.

Massas Richard Lee & Son, Having observed in the newspaper, an advertisement of yours describing the good qualities of your Worm Lozenges, induced me to call at the store of Warner and Hanna, and to make a trial of some of them on a female child of my friend's, who was in my care, which from her symptoms of disease, viz. sickness, a picking at the nase, offensive breath and other like circumstances, authorised myself and Mrs. M'Cormick to determine that worms was the complaint, accordingly a few days since, I made a trial of the m dicine, agreeable to the directions, and I am happy to say, that on the third day afterwards the child evacuated large worms, and other offensive matter, such as to me was astonishing that any human being could have contained-particularly at so early an age as two and a half years old—for the good of society I have much pleasure in mentioning the case, and to observe that the child is now perfectly well, and assumes a healthy appearance. Any other information I shall give with pleasure on application to me at my house in Frederick-street, near Messrs. Van Wyck and Dorsey's auction-room.

WM. M'CORMICK. Baltimore, January 21, 1807.

Messrs. Richard Lee and Son, It is my desire for you to make known to my fellow-citizens the good effects your Worm Lozenges has produced on my son ten years old, who has been long affected with violent pains in his head, loss of appetite, &c which reduced him so low that he was unable to walk, having used several different medicines, but to no effect; at length I had recourse to your Worm Lozenges, the first dose expelled upwards of twesty large worms, the second dose seven, the third none—and now the boy enjoy's a good state of health.

Also, at the same time and place will be sold at auction, as aforesaid, All that well known valuable FARM, late the property of the deceased, called Grace's Quarter: situated in Middle-river Neck, at the conflux of Gunpowder river and Salpetre creek, by which two waters it is almost surrounded. It contains about 424 acres of arable word and meadow land. For fertility of soil, this place is equalled by few. To point out the number of natural advantages attending it, would far exceed the bounds of an advertisement. There is on it a good comfortable House, almost new, with Kitchen, Negro Quarter, Spring House, with necessary out houses, and a large frame Barn (erected in the

In fact, no place in the country can be better situated, either for the grazier or planter, for nearly the whole of the farm can be put into meadow at a small expence. The fishery on this place, in the season, is extremely profitable; and the shores are lined with wild fowl of all kinds. It has the advantage of an elegant prospect of the river and adjacent country, and good water. The distance to Baltimore by land

> Pro Bono. WM. LOVELL,

At the Union Cheap Bread Manufactory, No. 52, North Howard-street,

TEGS leave to return his sincere thanks to the Ladies and Gentlemen of Baltimore, for the great encouragement he has met with since his residence in this place, and informs them that he is building two large additional Ovens, in consequence of the many applications by families who wish to be supplied during the summer months, and assures them that they may depend on being supplied with sound baked English BREAD, of the first quality, and as large in proportion to the price of flour, as on his first establishment that proved by many families to be a saving of wood and servants' time, but in many families the latter falls on the Mistress, who subjects herself to the heat, and thereby frequently gets colus, which often proves injurious to the constitution and sometimes fatal. The ment of flour baked by the subscriber since the 15th of May last is 2750 barrels, in 50 weeks, ending the 30th April, averaging 55 barrels per week, which has been an actual saving to the public of 3 dollars per barrel, making the enormous sum of 8250 dollars, from the general sort of bread baked in this town. The subscriber begs leave to remind those customers who have stated credits to be punctual in their payments, as the profits are small and his credit depends on their punctuality-it would be painful for him to stop their credit which must be the consequence.

N. B. A Cart will in a few days go up the Reister's Town road and the suburbs of Howard-street. may I

To the Public.

THE Subscriber, who has been employed by several respectable characters of this city, for the purpose of arranging ana closing accounts of Co-partnership, Adventures, Uc. posting, examining and balancing Books of Accounts, takes this method of offering his services to, and of informing the public that he has opened an Office for the purposes stated. It is needless here to enumerate the many advantages to be derived from such an institution, as they are self-evident both to the merchant and the tradesman; particularly to those who from multiplicity of business or other causes suffer accounts to remain undigested and unsettled;

Captains of vessels and supercargoes will, in some cases, find it their interest to apply to the subscriber for the purpose of having their accounts arranged previous to their being presented to their employers. ~ Accounts belonging to the estates of decess-

ed or insolvent persons, dissolved co-partnerships, Stc. fairly and accurately stated, Satisfactory references and proofs of the subscribur's abilities to perform what he undertakes will be given, if required, to such gentlemen as may have occasion for his ser-

vices and will favor him with employment.

Since the meaning of the extract from the letter of Gaylord Griswold is doubted by some

persons, and since his oath, possibly may mislead others, in their conceptions of the same, I will add the two-paragraphs which precede the extract—they are as follow:-"You do me great honour in compliments-

From the Columbian Gazette.

your caution against young members speaking too much is surely just, but not applicable to me. I have been very silent as you no doubt may have seen noted by the Utica democratic paper-in that paper great inquiry was made-I was presumed loft, by not appearing in the paper in the debates.

"The federal party take very little part in the debates. We leave them to manage their affairs in their own way, and you may depend upon it they manage bad enough-all want the honor of speaking and governing-thay quarrel, scold and almost fight-nothing prevents their fighting but want of courage.

" The movements of Burr disturb the quiet of their souls—he will shake the very centre of their conclave. You may rest assured my good fellow, that if our friends but play true, Burr will chassise these usurpers of power with a rod they deserve—he is no more one of their party, though for certain purposes must so appear-rely upon this as true. He is the only person who can chastise these sellows-and POLICY DICTATES OUR UNITY TO GIVE HIM A SUPPORT - ALLOUR FEDERAL FRIENDS n.W in this city have the same opinion—all the judges of the supreme court are united with us in this opinion. It is a matter of great surprise among our federal friends here how Hamilton can take so imprudent a part. Report says that H-n made a long speech in favour of LAN-SING and against Burr-ALL our FEDERAL FRIENDS now in this city are looking up with anxiety to the election in Newyork; their only hopes are founded on the success of Burrthough this should not be known to any but real friends .- What have we to expect from Lansing-he is nominated by Clinton and Spencer and their creatures-he must and will be their tool. The old governor is to b: vice president, and will be united to the great mamoth of democracy by ties too ftrong to be broken. We can do nothing of ourselves againt the mighty torrent-shall we not then rather join the enemy of our enemy iban the enemy of Burr and us both ? Think weil of this que sii n!!!

· G GRISWOLD." The affidavit of Mr. Griswold up n the subject of the above extract is as follows: . " Herkimer county, . 8.

" Caylord Griswo d of the town and county of Her imer, being duly sworn on he haly evangelises of Almighty Gid, deposeth an ach, that he never had any kunwledge whitsoever of any plot or plots, combination or could. it as between the faderalists of this state or any other state in the union, and Auron Bur, hostile to the conditution or government of he U. S. or this state. Neither does he know or has he at any time known of any combination or arrangement between the federalists and said Burr, for any purpose whatever.

. "G. GRISWOLD." Sworn the 25th day of April, 18c7, before me H'aiter Fish, justice of the peace.

Here, fellow citizens, you have fully in view two productions of Ga lord Griswold-judge of their consistency and inconsistency—read the letter and then read the oath If Gaylord G iswold was the 'enough, while he was the representative of a free people, to write such a letter, whether the contents of it were true or faile, he certainly would be vile enough to swear to the contents of his affidavit! Then let the world judge whether his assidavi: helps him, yea or nor. Let the world then judge be ween him and me-whether he was most guilty in writing the letter, or I in publishing the same?

As to the letter I wrote to him, it wa in inswer to one he had first written to me ; which. however, was little more than a cover to his m iden speech in congress I then onsidered it, on his part, as fishing for a comp ment; civility demanded that I should return the compliment, which I did accordingly, as in my letter which he has published. I was then z sederalist, and can say as Paul said. " I was zealou, towards God as ye are al this day, I persecuted this way," ac. until the receipt of this letter-I then ha! ed-it contai ed, in my understanding, plots, too gross to be counte-

I frankly acknowledge, from having read for the most part tederal newspapers, I had entertained very unfavourable sentiments towards governor C inton, and also toward judge Sienger. But up na close investigation into the charges brought by the federalists against those two gentlemen, I found them to be without foundation and totally false. I now have an exalted, a reverential opinion of governor Glinton, & view him justly entitled to the high station le now fille. Judge Spencer is, not only in my opinion, but in the opinion of every man who speaks of him, a most able judge; he acquits himself with honor equal to any judge who has graced the bench of our supreme court -he not only berits my esteem but has it in a superlative degree

As to Mr. Ford's affidavit, I wholly deny the truth of it: and I will venture to affirm thut there is not the solicary instance of andther man in the world, who will say that I ever advocated the election of Burr .-- My nearest neighbours and acquaintance bear me winess, that I never advocated his election; if ever I mentioned such a thing it has totally escaped my recollection. By ir. Ford's affidavit, it would appear I had been the first projector of the whole plot!! This is swearing too much No man wil, believe that this combination originated with me. To plot a scheme like this, requires the conning of a Burr; and to propagate and prosecute it, requires the depravity of a Griswold.
