LEE'S

Worm Destroying Lozenges.

This medicine is superior to any ever offered to the public, being innocent and mild, certain and efficacious in its operations. Should no worms exist in the body it will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders.
From the many cases of cures that daily come to our knowledge, we have selected the following:
Messrs. Richard Lee & Son,
Having observed in the newspaper, an advertisement of yours describing the good qualities of your Worm Lozenges, induced me to call at the store of Warner and Hanna, and to make a trial of some of them on a female child of my friend's, who was in my care, which from her symptoms of disease, viz. sickness, a picking at the nose, offensive breath and other like circumstances, authorized myself and Mrs. McCormick to determine that worms was the complaint, accordingly a few days since, I made a trial of the medicine, agreeable to the directions, and I am happy to say, that on the third day afterwards the child evacuated large worms, and other offensive matter, such as to me was astonishing that any human being could have contained—particularly at so early an age as two and a half years old—for the good of society I have much pleasure in mentioning the case, and to observe that the child is now perfectly well, and assumes a healthy appearance. Any other information I shall give with pleasure on application to me at my house in Frederick-street, near Messrs. Van Wyck and Dorsey's auction-room.
WM. M'CORMICK.
Baltimore, January 21, 1857.

Messrs. Richard Lee and Son,

It is my desire for you to make known to my fellow-citizens the good effects your Worm Lozenges has produced on my son ten years old, who has been long affected with violent pains in his head, loss of appetite, &c. which reduced him so low that he was unable to walk, having used several different medicines, but to no effect; at length I had recourse to your Worm Lozenges, the first dose expelled upwards of twenty large worms, the second dose seven, the third none—and now the boy enjoys a good state of health.
