Sloop Experi. ent.

FOR PASSENGERS ONLY. LIHUS. BUNKER begs leave to inform his friends and the public, that he will, or the first of Jule, commence running a sloop, of about one hundred and ten tons burthen, between the cities of New-York and Hudson,

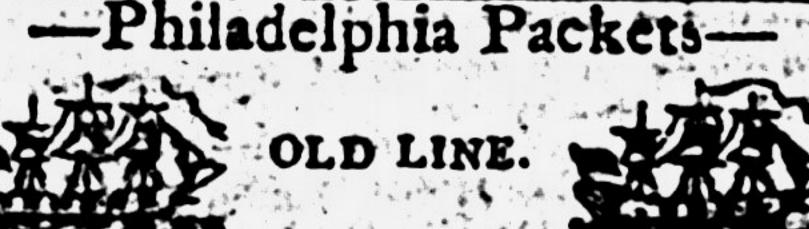

for the purpose of carrying Passengers. Few people, who have had occasion to take passage up or down the North River, but have experienced the inconvenience and risk of guing on board vessels deeply loaded and lumberen on deck; therefore captam Bunker has determined to take no fr ight on board the Experiment, which will remedy that incouveniem e and entirely do away the risk.

The owners of this resset, being desirous to render the passage as short, convenient and agrecable as possible, have not only taken care to furnish her with the test Beds; Bedding, Liquors, Provisions, &c. but they have been ! at very great expense and trouble in procuring materials and building ner on the best construction for sailing and the accommodation of Ladies and Gentlemen travelling on business or fampleasures

The Experiment will leave New. York every Wednesday Evening precisely at 6 o'clock, and Hudsin every Sunday Morning at eight o'clock, throughout the sesson.

Captain Bunker having been several years engaged in the freighting business between New York and Hudson, has become well acquainted with every part of the river; and he hopes, by attention and punctuality, to merit the patronage of Ladies and Gentlemen from the southward, who may visit the celebrated Ballston, Saratoga and Lebanon SPRINGS, or Travellers who may have occasion to travel through the northern states. The shortness of the p. ssage to Hudson when compared with that to Albany or any place above Hudson, (where the fiver is impeded by bars, islands and overslaws that render it impossible for fast sailing vessels to pass) he thinks will induce most people who are acquainted with the difference, to take passage to Hodson, where carriages or bosts can at all times be had, at a moderate expense, to convey them to Albany, Troy, Lansingburg, or the Lebanon Springs, which are about 20 miles distance.

Hudson, May, 1807. June 4 2aw17t
