Sloop Experiment,

FOR PASSENGERS ONLY. C-LIHU'S BUNKER begs leave to inform his friends and the public, that he will, on the first of July, commence running a sloop, of about the hundred and ten tons burthen, between the cities of New-York and Hudson, for the purpose of carrying Passengers.

Few people, who have had occasion to take passage up or down the North River, but have experienced the inconvenience and risk of going on board vessels deeply loaded and lumbered on deck; therefore captain Bunker has determined to take no freight on board the Experiment, which will remedy that convenience and entirely do away the risk. -

The owners of this versel, being desirous to render the passage as short, convenient and agrecable as possible, have not only taken care to furnish her with the best Beds, Bedding, Liquors, Provisions, &c. but they have been at very great expense and trouble in procuring materials and building her on the best construction for sailing and the accommodation of Ladies and Gentlemen travelling on business or for pleasuré.

The Experiment will leave New York every Wednesday Evening precisely at 6 o'clock, and Hudson every Sunday Morning at eight o'clook, throughout the season.

Captain Bunker having been several years, engaged in the freighting business between New-York and Hudson, has become well acquainted with every part of the river, and he hôpes, by attention and punctuality, to merit the patronage of Ladies and Gentlemen from the southward, who may visit the celebrated Ballston, Saratoga and Lebanon SPRINGS, or Travellers who may have occasion to travel through the northern states. The shortness of the passage to Hudson when compared with that to Albany or any place above Hudson, (where the river is impeded by bars, islands. and overslaws that render it impossible for fast sailing vessels to pass) he thinks will induce most people who are acquainted with the difference, to take passage to Hudson, where carriages or boats can at all times be had, at a moderate expense, to convey them to Albany, Troy, Lansinghurg, or the behaven Springs, which are about 30 miles distances
