. Sloop Experiment,

- The state of the

FOR PASSENCERS ONLY. TILIHUS BUNKER begs leave to inform his iriends and the public, that he will, | toplier Walker, at the turnpine gate. on the first of July, commence running a sloop, of about one hundred and ten tons burthen, I between the cities of New-York and Hudson, for the purpose of carrying Passengers.

Few people, who have had occasion to take passage up or down the North River, but have examenced the inconvenience and risk of going on board vessels deeply leaded and lum bred on dock; therefore coptain Bunker has deter edned to take no freight on sound the Experiment, which will remark that. conve-Lience on terrirely do away the risk.

The owners of this versely being desirous to finder the passage as sheet, committeet and a rreea de sa nois 'de, le ve not only taken care to farnish left with the best Beds. Bedding, Liquers, Provisions, &c. but they have been at very grant expense and trouble in procuring materials and her ber on the best construction for each rand the accommodation of Ladies and Gentlemen travelling in Lusiness or for pleasure.

The Experiment will leave New-York every Wednesday Evening precidely at 6 o'clock, and Hudson every Sunday Marning at eight o'clock, through at the sesson.

Cartain Bucker having been several years engage! in the ficighting business between New York and Hudson, has become well arquainted with every part of the river; and he hopes, by attention and punctuality, to nerit the patronage of Ladies and Gentlemen from the southward, who may visit the celebrated Ballston, Sarato, a and Lebanon SPRINGS, or Travellers who may have occasion to travel through the northern states. The shortness of the passage to Hudson when compared with that to Albany or any place above Hudson, (where the river is impeded by bars, islands and overslans that render it impossible for fast sailing vessels to pass) he thinks will indure most people who are acquainted with the difference, to take passage, to Hudson, where carringes or boats can at all times be had, at a moderate expense, to convey them to Albany, Troy, Lassingburg, or the Lebanon Springs, which are about 30 miles distance.

Ha s r, May, 1307. Saw12t

-Philadelphia Packets-
