Apprentice Boy to the tailoring business,
named **JOHN HUGHES,** aged between 18 and
19 years, about 5 feet 3 or 4 inches high, rather
small of his age, of a fair complexion; had on
when he went away a blue cloth roundabout
jacket and olive-colored thickest pantaloons—
it is likely he will change his clothes as he took
others with him; expect he intends going to
Baltimore as he has a sister and some acquaint-
ances living there; and most probable he will
cross the bay in some vessel from Wy's mills,
or Choptank River. Any person taking up
said boy, and bringing him to me or securing
him so that I get him again, shall receive the
above reward and all reasonable expenses paid
by me.

Sloop Experiment,
FOR PASSENGERS ONLY.
ELIHU S. BUNKER begs leave to inform
his friends and the public, that he will,
on the first of July, commence running a sloop,
of about one hundred and ten tons burthen,
between the cities of New-York and Hudson,
for the purpose of carrying Passengers.
Few people, who have had occasion to take
passage up or down the North River, but have
experienced the inconvenience and risk of
going on board vessels deeply loaded and
lumbered on deck; therefore captain Bunker
has determined to take no freight on board the
Experiment, which will remedy that conve-
nience and entirely do away the risk.
The owners of this vessel, being desirous
to render the passage as short, convenient and
agreeable as possible, have not only taken care
to furnish her with the best Beds, Bedding,
Liquors, Provisions, &c. but they have been
at very great expense and trouble in procuring
materials and building her on the best con-
struction for sailing and the accommodation of
Ladies and Gentlemen travelling on business
or for pleasure.
The **Experiment** will leave New-York every
Wednesday Evening precisely at 6 o'clock,
and Hudson every Sunday Morning at eight
o'clock, throughout the season.
Captain Bunker having been several years
engaged in the freighting business between
New-York and Hudson, has become well ac-
quainted with every part of the river; and he
hopes, by attention and punctuality, to merit
the patronage of Ladies and Gentlemen from
the southward, who may visit the celebrated
Ballston, Saratoga and Lebanon SPRINGS,
or Travellers who may have occasion to travel
through the northern states. The shortness
of the passage to Hudson when compared with
that to Albany or any place above Hudson,
(where the river is impeded by bars, islands
and overfalls that render it impossible for
fast sailing vessels to pass) he thinks will in-
duce most people who are acquainted with the
difference, to take passage to Hudson, where
carriages or boats can at all times be had, at a
moderate expense, to convey them to Albany,
Troy, Lansingburg, or the Lebanon Springs,
which are about 30 miles distance.
Hudson, May, 1307.
