William Carman

HAS opened his SLATE YARD, on Spear's
wharf, below Smith and Hooper's bake-house,
for the sale of SLATE, of which he has a
good supply in readiness for the present season.
The quality of the Slate is such that little need
be said of it—general satisfaction has been
experienced by those who have used it.
Many buildings in this city are covered with
Slate that is really rotting, owing to the quan-
tity of clay naturally mixed with it; but the
slate here advertised is of the most durable kind,
in consequence of the Iron contained in it—
Such persons as see it their interest to use an
article of acknowledged superiority, may de-
pend on having their orders punctually execu-
ted, as W. C. is determined to receive no
more than he can fulfil in time agreeably to
contract.
The buildings already covered with this
slate are as follow:—Mr. Robert Oliver's back
buildings in Gay street; a building in Fell's
Point; Pappan's, Hanover street; Jacob Myers's,
South street; and Amos A. Williams's ware-
house, on Bowly's wharf.
N. B. The price of the Slate is 10 Dollars
per square of ten feet (100 feet superficial mea-
sure) The slate is measured when the work
is finished, allowing one foot extra in the length
of the eaves, hips and valleys.
SLATERS will be recommended, if required,
that will do credit to the work.
