EXHIBITION. To be seen at Mr. N. Hussey's, No. 7, Howard street, from 8 o'clock in the morning,

until sunset, Two Royal Tigers,

THESE curious animals lately imported from Surat, (in Asia) are the first everreached any part of this continent. On their arrival they were not a year old. They are nine , feet length and Uree feet in height. Their crowns designate them as royal, and peculiar to Asia. When full grown, their bulk is tremendous, much superior in size to a Lion and of prodigious strength. Their color is a bright chow, Scautifully marked with long stripes of lack, which run the same direction as their bs with others across their thighs. The i igers in Asia are the scourge of that country & nsidious, blood-thirsty, and malevolent, preterring human flesh for their sustenance, to that of wild beasts. They lurk among the bushes, and bound on their prey; if they succeed and are undisturbed, they plunge their heads into the bodies of the animals, up to their eyes, as if it were to satiate themselves with blood, before they tear them to pieces. It attacks the Lion or Elephant, and is truly said to be the most powerful animal in the world.

The Ladies and Gentlemen of this town and vicinity, are respectfully invited to lose no time in viewing these extraordinary animals, as there never was, and probably never will be exhibited animals, so worthy of their attention. As the trouble and expence of these animals is enormous, it is impossibe the Keeper can tary ry longer in a place than while he meets with encouragement: he therefore solicits their
